

Two Spaceships Ticketed For Trips To Mars

CAPE KENNEDY, Fla. (AP) — Seven major launches, including two Project Mariner spacecraft ticketed for Mars are scheduled next month at Cape Kennedy.

Late in November, the space agency plans to launch a Project Gemini capsule on a final unmanned flight to qualify it for manned missions scheduled to begin early next year.

Other shots on the schedule are orbital development flights of the Centaur and Titan 3A space rockets; the Tiro 9 weather satellite, and a radiation-sensing Explorer scientific satellite.

First One Nov. 4

The first Mariner — Mars launching is set for Nov. 4. The second could be fired as early as two days later, depending on how well No. 1 fares.

November marks one of the rare occasions when Mars is in position to receive an unmanned

visitor from earth. The next opportunity will be in December 1966.

Each Mariner payload is to travel about 350 million miles in 8½-month journeys to Mars. During 30-minute fly-bys within 10,000 miles of the planet, each is to snap 20 television pictures and gather scientific data.

The launches will be the most difficult attempted by unmanned U.S. spacecraft, Jack N. James, Mariner project manager for the Space Agency's Jet Propulsion Laboratory, says there is a better than 50 per cent chance that at least one of the craft will succeed.

Delayed By Hurricane

The unmanned Gemini flight has been delayed numerous times because of technical and weather reasons. The Titan 2 booster rocket twice was removed from its launch pad because of hurricanes, and several weeks delay resulted when the rocket was damaged by lightning.

The Titan 2 is to propel a fully equipped spacecraft 2,000 miles down the Atlantic range to check all systems, and re-entry and recovery techniques.

If the shot succeeds, astronauts Virgil I. Grissom and John W. Young are to take a five-hour, three-orbit trip in a similar capsule early in 1965. Eventually, Gemini astronauts are to stay in space for as long as two weeks to practice procedures for going to the moon.

Both the Centaur and Titan 3A rockets are to lift dummy satellites into orbit. Centaur, which is several months behind schedule for technical reasons, is being developed for landing

unmanned Project Surveyor scientific payloads on the moon. Titan 3A is forerunner of a Titan 3C rocket intended to launch a number of Air Force military space payloads, including a manned laboratory the size of a house trailer.

Mother And Two Blind Sons Hurt As Car Hits Deer

CHARLOTTE (AP) — A mother and her two blind sons suffered injury Sunday night when their car struck a 12-point buck deer, crashed into a tree along a road near here and burned, Eaton County sheriff's men reported.

Also lost in the fire that destroyed the car were a \$900 accordion and \$100 cash in the woman's purse.

Mrs. Mary L. Castner, 36, of Charlotte and her son, Michael, 15, were reported in fair condition at Hayes-Green-Beach Hospital after the crash while her son, Daryl, 8, was treated for minor cuts.

Officers said Mrs. Castner was taking the boys back to school in Lansing after a weekend at home when the accident occurred.

Nuclear Bomber Squadron Posted On Guam By U.S.

WASHINGTON (AP) — The United States has posted a squadron of 15 B52 heavy jet nuclear bombers on the island of Guam — within about 2,000 miles of Red China, it was learned today.

The unpublicized move, made last spring, places the 15 B52s about 5,000 miles closer to Communist China than when they were based in the United States.

The squadron sent to Guam replaces a unit of older medium jet B47 bombers. B52s have at least twice the striking range and carry much more of an atomic wallop than the B47s.

The B52s also fly faster and higher. This is the first time that the long-range B52s have been deployed overseas. The other 600 heavy jets are stationed in the United States, half of them on "runway alert" and ready for takeoff within 15 minutes.

No additional B52s are scheduled for overseas deployment this year, the Air Force said. Asked the reason for sending the 15 B52s to Guam, the Air Force said the purpose is "to more effectively utilize the aircraft."

The type of B52 stationed on Guam has an effective operating range of more than 6,000 miles with the fuel it carries in its own tanks.

Auto Workers Approve Fat 3-Year GM Contract

REBECCA Shelly, 77-year-old Battle Creek pacifist and feminist, is the vice presidential candidate of an Iowa-based "Peace Party". Their candidate for president is Herbert F. Hoover, 40, an Iowa farmer who is a fourth cousin of the late 31st president. The Peace Party plans a write-in campaign. (AP Wirephoto)

Hoover Buried On Hillside At West Branch

WEST BRANCH, Iowa (AP) — Two soldiers stood guard today on a cedar-shrouded hillside where Herbert Clark Hoover, 31st president of the United States, was buried Sunday after a brief, solemn ceremony.

Thousands walked slowly past the grave after the service, which was attended by Hoover's family, his friends and colleagues.

An estimated 75,000 persons stood in the distance, behind farm fences and cordons of soldiers, as a leading Quaker, Dr. Elton Trueblood, conducted the final rites.

"This is not a time for tears," said Dr. Trueblood, a friend of Hoover. His words echoed from loudspeakers down the grassy valley to the two-room house where Hoover was born 90 years ago.

"The story (of Hoover) is a great one and it is a good one," he said.

"It is essentially a story that is triumphant . . . and our mood today should be rejoicing."

As shadows from the tall, thin cedars fell across the knoll, Hoover's coffin was lowered into a concrete vault in a 10-foot by 10-foot crypt. The lid placed on the vault said simply "Herbert Clark Hoover" and the dates 1874 and 1964.

Soon a 4-foot by 9-foot white marble slab will be placed over the grave. Another will be placed for his wife, whose body is to be brought here from California.

Voting May Hit 70.8 Million

WASHINGTON (AP) — Election officials and qualified political observers across the nation predict a record 70.8 million Americans will vote in the Nov. 3 elections.

In an Associated Press survey, these officials and observers in the 50 states and the District of Columbia estimated that 88,697,400 Americans are registered or otherwise qualified to vote in the presidential election. Of this number, they predict 70,856,050 actually will cast ballots.

Many states do not have central registration and therefore can only estimate the number of qualified potential voters. Also, many states do not register voters by party, thus precluding a nationwide partisan registration breakdown.

The registration figure is more than 4 million higher than the number of estimated eligibles prior to the 1960 election. But the predicted vote is only about 2 million above the 68,838,979 total vote in 1960.

The Census Bureau recently estimated there are 114.4 million Americans at home and abroad of voting age. But it conceded that million of these would not be registered or otherwise eligible because of failure to meet the various state voting requirements such as residence or literacy.

Jenkins Case Jolts Johnson

WASHINGTON (AP) — President Johnson says that when he first heard that a question had been raised about Walter W. Jenkins' morals "I was as shocked as if someone had told me that my wife had murdered her daughter."

The President asked his long-time top aide to resign on Oct. 14 within hours after Jenkins' two arrests on moral charges became public. Johnson was asked about the Jenkins case during a recorded television interview aired Saturday night by the Democratic National Committee.

As for the Bobby Baker case, Johnson said "I am sure that if there had been any laws violated that the matter will be presented to the proper authorities. Mr. Baker will be called to account and his side of the case will be heard and appropriate action will be taken."

Baker resigned under fire a year ago as secretary to Senate Democrats. Senate investigators have been looking into his financial dealings.

Copters Collide, Kill 9 Marines At Huelva, Spain

HUELVA, Spain (AP) — Nine U.S. Marines died today in the blazing wreckage of two H34 helicopters which collided and crashed while participating in massive U.S.-Spanish amphibious maneuvers near here.

The helicopters, with scores of similar craft from the invasion fleet offshore, were preparing to land in the drop area along a rocky escarpment when they collided at an altitude of about 800 feet.

Both caught fire and were burning furiously when they hit the rocky hill. Twelve Marines aboard the two machines managed to make their way out of the flames and a 13th was rescued badly injured.

Traffic Mishaps Claim 20 Lives

By The Associated Press

Nine persons lost their lives in four separate traffic accidents as weekend traffic mishaps claimed at least 20 lives on Michigan streets and highways.

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight Sunday.

A HAIL OF BULLETS from Hungarian border guards failed to prevent the escape from Communist Hungary of Tivodov, 22, (left) of Budapest. The refugee, shown with an Austrian policeman, said he was bound for Brussels to join a brother who has been living there since 1956. Four others were in the escape plot but turned back when the guards began to shoot. (AP Wirephoto via cable from Vienna)

South Viet Nam Goes Back To Civilian Rule

SAIGON, South Viet Nam (AP) — South Viet Nam's military returned the government to the civilians today, marking the fifth change of government in a year.

Power was formally transferred to the nation's new chief of state, ailing revolutionary Phan Khanh Suu. Maj. Gen. Nguyen Khanh resigned as premier with the rest of his caretaker government.

Suu said the High National Council, which is presiding over the changeover from military to civil rule, would consult Tuesday on a premier to lead the

government until a new constitution is drawn up. Speculation centered around former Saigon Mayor Tran Van Huong.

Khanh will continue to wield great power as commander in chief of the armed forces, with a big say in naming the armed forces minister. They will sit on the four-man National Security Council which will have wide power because of the war against the Communist Viet Cong.

Although the U.S. Embassy hailed the shift as "another positive step toward the objective of establishing an effective civilian government," more turmoil was possible.

Suu said he would continue as chief of state for only a short time because his health isn't good. It appeared likely that the civilian politicians would not bow to military pressure willingly. Any such defiance would probably result in another military coup.

Political leaders in Hue said they were prepared to put crowds into the streets to back their demand for complete elimination of Khanh from the government.

Union Rejects Peace Plan For Detroit Dailies

DETROIT (AP) — With President Johnson given a snubbing, in effect, by one union, Detroit's newspaper strike dragged through its 105th day today.

Striking Local 13 of the Printing Pressmen's union Sunday turned down by an announced 230-17 vote—a new publishers' proposal endorsed by the President.

The rejection dashed new hopes for a possible quick peace in a labor dispute which has kept Detroit's two daily newspapers from the reading public in a metropolitan area of 3.7 million population.

The pressmen and their affiliated Plate and Paper Handlers Local 10 have been on strike against the afternoon Detroit News and morning Free Press since July 13 over terms of new contracts.

Local 13, going against President Johnson's urging, took its rejection vote by a reported secret ballot after a four-hour, closed-door meeting.

The President had asked the union for "responsible and favorable" action on a proposal announced at negotiations in Washington Saturday by the Federal Mediation and Conciliation Service. Its details were not made public.

Canada Shipping Wheat To Russia, Possibly Cuba

WINNIPEG, Man. (AP) — Russia has bought 10.6 million bushels of wheat and wheat flour from Canada, the Canadian Wheat Board announced today.

The cash sale is worth around \$21 million. Shipment will be made through St. Lawrence and Atlantic ports starting next month. The sale involves 250,000 long tons of wheat and 25,000 long tons of flour.

Under the contract, the wheat and flour can be shipped to Cuba as well as the Soviet Union.

Today's Chuckle

Most girls' ambition is to make some man a good husband.

Local Disputes Still Hold Up Output Of Cars

DETROIT (AP) — Despite ending of a 31-day national walkout against General Motors Corp., the giant of the automaking industry was hobbled today by local-level strikes that threaten to snuff out new operations.

The question of when the company that normally turns out more than half the nation's new automobiles might get any assembly lines going again was unanswered. One company source guessed: "Within a couple of days, maybe."

The United Auto Workers union announced Sunday night that 95 of 97 local unions reporting had given "overwhelming ratification" to a new three-year national contract.

The UAW announced that the national strike was "terminated," but, at the same time, said the 28 local units which had not reached at-the-plant working agreements which supplement the national contract would stay out.

At the time 102 of the UAW's 130 units in GM's empire had reached local-level settlement.

With announcement of the national strike's ending, GM called back maintenance and make-ready crews in the Pontiac Division at Pontiac, Mich., the Buick Division at Flint, Mich., and the Buick-Oldsmobile-Pontiac plant in Kansas City, Kan.

Louis G. Seaton, GM's vice president for personnel and its chief negotiator, said there would be other callbacks, but he was unable to pinpoint them immediately, "and I don't think anybody else can, either."

The UAW said it knew only that the 28 local units without at-the-plant agreements positively were not going back immediately.

The national strike was a selective one. The union ordered members in GM plants selling parts to Chrysler Corp. and Ford Motor Co. to stay on the job. But in all it idled more than 500,000 of GM's work force of 360,000.

It started Sept. 25, when a deadline for new national agreement was passed. A new national contract was negotiated on Oct. 5, but the union authorized locals to stay out in support of at-the-plant demands.

Cambodian Guns Down U.S. Plane

SAIGON, South Viet Nam (AP) — There were indications today that a two-engine U.S. Air Force transport shot down Saturday was hit by Cambodian fire and not the Communist Viet Cong.

The U.S. C123 had been making a supply airdrop over a U.S. Special Forces camp Saturday when it was hit by ground fire. It crashed and burned. All eight Americans aboard were killed.

Military sources said today the plane crashed in Viet Nam about half a mile from the Cambodian frontier. Cambodia announced Sunday that one of its anti-aircraft batteries had shot down an American two-engine plane Saturday at about the same place but on the Cambodian side in mountainous Monduliri Province.

U.S. officials in Saigon reported originally that the plane had been shot down by Viet Cong guerrillas. A second C123 flying on the mission also was hit by ground fire but got back to its base without casualties.

Military sources said the crash definitely was within Vietnamese territory.

Last April 18, Cambodian fighters shot down an unarmed U.S. Army spotter plane at another point on the frontier. The American pilot identified the fighter as Cambodian before he died.

Dikes Collapse; Zagreb Flooded

ZAGREB, Yugoslavia (AP) — This second city of Yugoslavia was partly flooded early today when the swollen River Sava broke its dikes.

After two weeks of steady rains in northwest Yugoslavia, swollen rivers flooded big areas in Slovenia and Croatia.

One person drowned. Helicopters and boats rescued about 200 persons marooned on roofs of houses in Zagreb.

Johnson Looks Like Winner In New York State

NEW YORK (AP) — President Johnson is riding the election trail in New York State as high, wide and handsomely as if he were roaming the range of his native Texas.

All signs point to Johnson carrying the 43 electoral votes of the populous industrial state by a lopsided margin, barring any upset that is nowhere in evidence at this point.

Some Republican leaders have estimated privately that the President may take the state by a million to 1.5 million votes over Barry Goldwater of Arizona, the GOP presidential nominee.

Newspapers Switch

Goldwater appears to be getting scant organization help. Key GOP leaders in the state, differing with Goldwater's political philosophy, have engaged in what amounts to a campaign of silence on the presidential race.

A number of newspapers that normally support Republican candidates editorially have announced for Johnson.

Polls indicate that a substantial number of voters who ordinarily vote Republican take the same view.

Because the outcome of the presidential race here is largely regarded as a foregone conclusion, New York political interest has centered largely on a colorful race for the U.S. Senate.

Republican Sen. Kenneth B. Keating is running for re-election against the challenge of Robert F. Kennedy, former U.S. attorney general and brother of the late President John F. Kennedy.

Their contest appears to be much closer than the presidential balloting.

Key Leaders Cool

The New York Daily News reported last Saturday that its statewide presidential poll past the halfway point showed Johnson leading Goldwater by about 3-1, and Kennedy leading Keating about 4-3.

The News said Johnson at that time had collected 13,139 straw votes to 4,111 for Goldwater, or 76.2 per cent to 23.8 per cent.

The newspaper has noted that "in presidential polling going back 36 years we've had only one outright error, in 1928, our first year, before present balloting methods were refined."

The key GOP leaders lukewarm toward Goldwater include Gov. Nelson A. Rockefeller, who competed against him for the nomination; the state's two senators, Keating and Jacob K. Javits, and Rep. John V. Lindsay of Manhattan's "Silk Stocking" 17th District.

Florida Crowds Greet Johnson

ORLANDO, Fla. (AP) — President Johnson, given a friendly if sometimes disorderly welcome to Florida, continued today a tour of Southern states where backers of Sen. Barry Goldwater claim considerable strength.

Johnson started today's five-city campaign tour in Orlando, promising "a new charter of opportunity for older Americans." Florida is a retirement home for thousands.

In both Orlando and Miami, Johnson was welcomed with such fervor that small mob scenes resulted.

Secret Service agents and police had to strain their backs against an enthusiastic crowd to get Johnson into his hotel for an overnight stop in Orlando. In Miami, officers became violent as they struggled to extricate the President from well wishers.

Johnson got a healthy shove from one Miami policeman who, without looking, went all-out to enforce orders against permitting people through the presidential entrance of the DuPont Plaza hotel. Johnson was staggered but did not lose his footing.

Socialists Lead In German Vote

FRANKFURT, Germany (AP) — Socialists surged ahead in balloting Sunday in three West German states which provided the last major test of strength before parliamentary elections next fall.

Four weeks ago the Socialists replaced Erhard's party as the strongest party in communal voting in North Rhine-Westphalia, West Germany's most populous state.

Weather

By The Associated Press

Upper Peninsula — Fair and mild this afternoon, tonight and Tuesday. Low tonight in the 40s. High Tuesday mostly in the 70s.

Lower Michigan — Fair and mild this afternoon, tonight and Tuesday. Low tonight 45 to 52. High Tuesday in the 70s.

Highest temperature Sunday, 76, lowest, 44.

Highest temperature one year ago today, 83, lowest, 59.

Highest temperature this date since 1872, 83 in 1963, lowest, 22 in 1887.

The sun sets today at 5:24 p.m., and rises Tuesday at 7:41 a.m.

State Anchors U.P. Capitol In Escanaba Bldg.

Gov. George Romney anchored the State of Michigan's Upper Peninsula capitol in Escanaba Saturday in the course of an aerial campaign tour. In doing so he forecast closer relations between the Peninsula of Michigan and greater growth for the U.P.

Governor Romney presented to State Controller Glenn Allen for presentation to Escanaba City Controller Frank Bourke a state check for a quarter million dollars in payment for the State Office Building, which the City of Escanaba erected nine years ago to encourage the state government to locate its Upper Peninsula offices in one city.

Mrs. Catherine Bonifas made a bequest in her will of \$100,000 to the State for a state office building in Escanaba. The City Council of Escanaba erected a state office building, using temporarily with court approval the Bonifas bequests of \$100,000 each for city-county building and for a youth recreation center.

Quarter Million
The state did not buy the State Office Building until the administration of Governor Romney, who in his speech on the steps of the building Saturday credited Upper Peninsula Representatives Einar Erlandsen (D-Delta) and Clifford Perras (R-Menominee-Dickinson) and the speaker of the House of the Legislature, Allison Green, for aid in the project.

Green, the Republican nominee for secretary of State, accompanied Romney here Saturday along with Mike Warshawsky, GOP nominee for attorney general. Legislative support was also gratefully acknowledged. Erlandsen and Perras attended the ceremonies.

The state's check was for \$249,000 with \$1,000 being deducted for architectural and other fees for an addition to the building planned by the state to house a public health laboratory. The Legislature's appropriation was for \$250,000 and the fees had to be accommodated within it.

The state's purchase enables Escanaba City Council to put

back into the Bonifas Fund the borrowed \$200,000 for the city hall and recreation center projects.

Future Bright
Governor Romney said that state purchase of the building recognizes that the state should have a place of business in the Upper Peninsula. "It is symbolic," he said "of the fact that we are just as interested in the Upper Peninsula as in the other parts of the state. In years to come we will establish an even closer relationship and make full use of the immense potential of the Upper Peninsula. With your natural resources and fine people we will surely find activities to bring prosperity to the area."

"As result of the purchase of the building Escanaba can go forward with the other objectives of the will of Catherine Bonifas, including the youth center. With decline in family life, we need youth centers and to use these funds for wholesome activity will be helpful."

Escanaba Councilman Harold Vanlerberghe presided at the ceremonies on the steps of the State Office Building, and Mayor George Rusch, City Manager George Harvey and City Controller Frank Bourke participated.

On Half Block
It was explained that completion of a warranty deed for transfer of the property would require notification of a relative of Mrs. Bonifas in Luxembourg, but the detail was regarded as routine.

The State Office Building is on a half block facing Ludington St., between 3rd and 4th streets. The city also conveyed to the state two lots backing the half block and facing on 1st Ave. S. for expansion of the building.

The building was designed by G. Arntzen Architect & Co. of Escanaba and provides a gracious lobby area and a large conference room which is much used for public meetings. The state government has many of its Upper Peninsula offices in the building. Most notable omission of a state office in Escanaba and not in the State Office Building is the State Highway Department, which has had offices here since long before the creation of the State Office Building a decade ago.

Governor Romney flew into Escanaba Airport Saturday with his campaign party shortly after noon. He was greeted by his "Romney Band" and a public assembly and went by motorcade to the State Office Building. He followed the ceremonies there with a hand-shaking tour of Ludington St. in the shopping district with Tommy Quinn, his local campaign manager, and then made an appearance at the Eskimo-Kingsford football game before flying to Sault Ste. Marie to lay the cornerstone for a new building at Sault Branch of Michigan Tech. He continued his campaign, started at Menominee, with Iron Mountain as second stop, downstate in the evening. Mrs. Marion Gibson of Newberry, 108th District GOP representative nominee, flew from Escanaba to the Sault with Romney.

Romney's theme on his 13-hour flying tour was "We people of Michigan, in a new attitude and spirit of cooperation and desire to restore national confidence in Michigan, have solved more problems, made more progress and made more preparation for the future than any other state in the nation. I'm sure the citizens don't want to waste these gains and return to power the man who was the political mastermind (Neil Staelbier, Democratic nominee for governor) of the mess which nearly ruined Michigan."

Romney said unemployment in the U.P. is down to 4.9 percent of the labor force, lowest since 1956 and that 180,000 more persons are working in Michigan today than 21 months ago. He said the U.P. had been "victimized" by the Democratic members of the Apportionment Commission and Legislature in "the most vicious, unprincipled legislative districting that Michigan has ever experienced."

THERE WAS A PAUSE in Governor George Romney's aerial campaigning in the Upper Peninsula Saturday for a historic state occasion. Governor Romney brought a state check for a quarter million dollars to purchase for the State of Michigan the State Office Building in Escanaba. Here's part of the ceremony with Governor Romney ac-

cepting the Great Seal of the State of Michigan, executed by Escanaba Artist Daniel Weissert, for use on the building. From left: State Controller Glenn Allen, Governor Romney, Escanaba City Manager George Harvey, Mayor George Rusch and Frank Russell, publisher of the Escanaba Daily Press. Dick Farragh Dies Suddenly

MANISTIQUE—Richard Farragh, employed as an electrician by Inland Lime & Stone Co., died in Schoolcraft Memorial Hospital here Saturday morning. He was 47 years old.

He had been admitted to the hospital Friday night and death came unexpectedly.

Mr. Farragh's home is at Ne-gaunee, where he is survived by his wife, Mary, and a son, Bryan.

In his work he had lived at Gulliver, commuting to his home on weekends since 1962.

The body was taken to the Koskey Funeral Home at Ne-gaunee and funeral arrangements were not completed as yet.

Frank Naslin Of Rock Dies

Frank W. Naslin, 73, a resident of Rock Rte. 1, died at the Veterans Administration Hospital in Iron Mountain Saturday at 8:30 a.m. He had been a patient there three months.

Mr. Naslin was born in Finland March 5, 1891, and he owned and operated a farm in the Rock area many years. He was a member of Rock American Legion Post 559. He leaves his wife, Impi, one sister in Finland and several nieces and nephews.

The body was taken to the Anderson Funeral Home where friends may call today from 4 to 9:30 p.m. It will be removed at 2 p.m. Tuesday to the Rock Bible Chapel where services will be conducted at 3 p.m. by John Small. Burial will be in Rock Cemetery.

Military rites will be conducted by the Rock Legion Post.

Death Takes Mrs. McKnight
Mrs. Elisher James McKnight, 59, of 413 Delta Ave., Gladstone, died at her home at 10 a.m. today. She had been in failing health for the past six months.

Mrs. McKnight was born Nov. 15, 1904, in L'Anse and lived all of her life in Gladstone. Her maiden name was Laencia Elizabeth Eagle. She was a member of the Free Methodist church of Gladstone.

Survivors include her husband; five daughters, Mrs. Robert (Marion) Leisenring of Fullerton, Calif.; Mrs. Harold (Clara) Mosier of Danforth, Mrs. Charles (Patricia) Irving of Flat Rock; Mrs. Elmer (Doris) Dahm of Gladstone and Mrs. John (Frances) McCauley of Milwaukee; five sons, Arnold, in Korea; LeRoy of Milwaukee; Richard of Gladstone; James of Milwaukee and Elmer of Gladstone.

Also surviving are 32 grandchildren; her parents, Mr. and Mrs. Roy Eagle of Brampton; two sisters, Mrs. Clyde Benson of Brampton and Mrs. Matt Malor of Menominee; one brother, Larry Eagle of Orlando, Fla.

The body was taken to the Skradski Funeral Home where funeral arrangements will be completed today.

Webster 'Giant' Article Subject

The story of "a 45-ton giant in the classroom" at the Webster School in Escanaba is being read by educators around the world in the November issue of The Instructor, published in New York City for the teaching profession. The article was written by Arni T. Dunathan of Escanaba.

"Giant in the classroom," describes an educational project and the studies and activities accompanying the construction of a model brontosaurus — one of a group of dinosaurs that lived on the North American continent millions of years ago.

The dinosaur topic caught the attention of the Webster School sixth graders when they were discussing mountains and what plant and animal life existed on the earth before the mountains were formed. The article, including a number of photographs showing the Webster School sixth graders at work on their project, is featured in a two-page spread in the magazine.

The model dinosaur was named Webster for the school and went on display in an all-school academic fair. "Success

Death Claims Mrs. Richards

MANISTIQUE—Mrs. Walter (Erma) Richards, 61, of Lakefield Township, died in Tahquamenon General Hospital in Newberry at 11 a.m. Sunday. She had been a patient there for the past eight weeks.

Her husband is a partner in the Richards Brothers store in Manistique.

Born in Lakefield Township, Luce County, on Nov. 7, 1902, she was married on June 30, 1924, and after four years residence at Maple Grove moved to Manistique in 1928. She returned to Lakefield in 1942.

Surviving are her husband, two sons, Rodney of Lakefield and Darwin of Grand Rapids; three grandchildren; one sister, Mrs. Archie Macauley, Lakefield; and two brothers, Perry Bryers of Newberry and Henry Bryers of San Bernardino, Calif.

The body is at the Beaulieu Funeral Home in Newberry where friends may call from 3 to 9 p.m. Tuesday. Funeral services will be held at the funeral home at 1:30 p.m. Wednesday with the Rev. Howard Brower officiating.

Driver Dozes As Car Hits Store

MANISTIQUE — A motorist whose car struck the front of a store while he slept, and who continued to sleep when State Police arrived to investigate, was awakened and given a ticket for reckless driving and improper plates early Sunday.

The driver is Terry Lee Desjardin, 22, of Cooks, and store building at the corner of County Roads 433 and 434 in Manistique Township is owned by Howard McFarland.

Mr. and Mrs. McFarland were awakened at 3:05 a.m. Sunday by the crash and saw car lights shining into the bedroom they occupy at the rear of the store building. The front of the store was considerably damaged. The driver was unhurt.

Death Claims Henry Truckey

Henry N. Truckey of 22482 Ray Ave., Detroit, a former resident of Michigamme, died Oct. 17, following a sudden heart attack at his home. He is survived by his widow, Jean Truckey, a former resident of Garden. Services were held in Detroit and burial was there.

Worry of FALSE TEETH Slipping or Irritating?

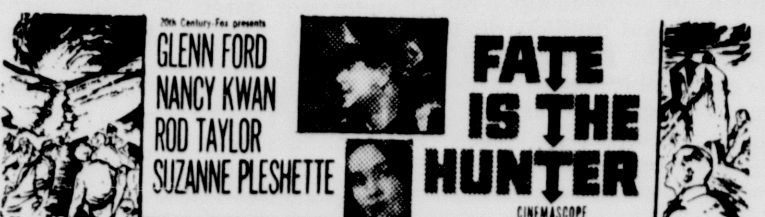

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, goopy, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

Death Claims Jack Connor, 89, Of McFarland

Jack Connor, 89, of McFarland died at Morgan Heights Medicare Center, Marquette, Sunday at 6:40 a.m. He had been a patient there the past two years.

Mr. Connor was born in Michigan June 19, 1875. He was a woods worker during his active years. Surviving are two brothers, Michael of Ontario, Canada, and Archie of Rock, Rte. 1.

Friends may call at the Anderson Funeral Home from 6 to 9:30 p.m. today. Services will be held Tuesday at 10 a.m. at the funeral home chapel. Father Arnold Thompson of St. Thomas the Apostle Church will officiate. Burial will be in Hill View Cemetery, McFarland.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYS-TEX usually brings fast, relaxing comfort by curbing irritating acids in strong, acid urine and by analgesic pain relief. Get CYS-TEX at drugstore. Feel better fast.

Noa Home Cooks Must Mix Taste With Nutrition

By PEGGY BRYSON

The thoughtful and efficient hostess prepares ahead and tries to please all her guests with a main dish that will be enjoyed by the majority and numerous side dishes to compensate for those who prefer or are unable to eat what has been offered.

The cooks at the Bishop Noa Home for Senior Citizens run into the same problems as any dinner hostess but theirs are problems of nutrition, serving, special diets and sanitary rules. These dilemmas come not just on occasion, but three times a day.

Mrs. Julian Zmroczek and Mrs. Blanche Hubert of Escanaba, try to serve a wide variety of foods in an effort to please everyone. There are 43 persons served at each meal, including administration, and that involves almost 43 different problems at meal time.

Special Diets

The problems of feeding the residents centers around their eating habits and special diets ordered by the doctor. It is almost impossible to serve any one meal that will be perfectly acceptable for all.

All the residents enjoy the fresh bread baked daily at the Home. The cooks bake 13 loaves of white bread and 60 dinner rolls daily as well as whole wheat or rye bread once a week. They also like the good home made pies and cookies for dessert.

There are diabetics, those on low fat diets and other typical medical problems of the aged. The cooks have found that substitute foods and artificial flavoring can make a very pleasant meal for these. There are charts kept on each resident who has special diet requirements and they are served food accordingly.

There is another very important consideration. . . per-

sonal preference. It must be realized that some people have formed eating habits during their lifetime that can not be changed by a mere stroke of a magic wand. Some like the main meal at noon while others prefer their evening meal to be the largest. . . this is dealt with by serving equal portions at noon and evening.

The diets must meet strict regulations of balance and caloric count and yet be satisfying to all.

This takes a little doing and the only solution come upon so far is to post a daily menu and those who will be unable to eat what is to be served that day can request a substitute.

"Many people don't realize another common problem in older people's diet, and that the need for tender meats and soft foods," said Mrs. Zmroczek. "The majority of the residents have 'store bought' teeth and serving them is not like feeding a batch of hungry teenagers."

"We make our own soups from the meat stock and try to center our meals around foods that are abundant and in season. Right now we are using almost all fresh fruits and vegetables, it takes a little more time to prepare the meals but they are tastier as well as more economical," she added.

Not A Restaurant

Noa Home administrator Ted Gajewski says, "Our main problem here is to convince everyone that we are not running a restaurant. It would be wonderful to allow everyone to select the menu they want but the cost of running an operation like that would be terrific and would be twice as difficult to regulate the diets of those residents who are restricted."

"Our cooks are doing a wonderful job and so far compliments are plentiful and criticism is at a minimum," Gajewski added.

Most of the residents questioned about the food were enthusiastic about the meals and service. They appreciate the promptness of the service,

JUDGE MILLER
Your MAN for

Appeals Court

(Paid Political Adv.)

MRS. JULIAN ZMROCEK, cook at the Bishop Noa Home, has just taken loaves of homemade bread from the oven. The cooks at the home make 13 loaves of white bread and 60 dinner rolls each day as part of the "home cooking" service of the Home. (Daily Press Photo)

pleasant surroundings and tasty dishes.

An added feature that many residents enjoy and appreciate is a special guest service that the Home offers. If the cooks are given advance notice, they will prepare extra servings for guests who may wish to have dinner with a friend or family member who is a resident. A special table is provided for these occasions.

There is also room service for residents who are bed ridden. A newly acquired electric warming wagon, the type used in hospitals, helps keep the meals piping hot for service.

It's a winning combination of good food, service and consideration, that makes meal time at the Home an enjoyable affair for all.

NAMED AFTER INDIANS

The Caribbean Sea was named after the Carib Indians who, at the time of the Spanish conquest, were cannibals. The English word "cannibal" comes from one of the terms used by the Arawak to refer to the Carib Indians, according to the Encyclopaedia Britannica.

Les Fuhrman

Square Dancers Autumn Pow-Wow Set For Oct. 31

The second annual Autumn Pow-Wow of the Promenaders Square Dance Club will be held Saturday evening, Oct. 31 at the Teamsters Hall in Escanaba. Returning as caller this year will be Les Fuhrman of Mason.

Fuhrman is a regular caller for two Lansing Clubs and teaches a beginners class. He is a member of the Michigan Square Dance Leader's Assn., a staff member of the Green Bush Square Dance vacation held each July and will be a guest caller at the Michigan Square Dance Convention on Nov. 6 and 7 in Lansing.

Saturday night's affair will also include a half hour work shop from 8:30 to 9 p.m., then dancing will continue until midnight.

During the evening these five round dances will be performed: City Lights, Fraulien, Hi Lili Hi Lo, Lonesome Two Step and Alley Cat.

The traveling trophy will be awarded about 10:30 p.m. to the couple coming the farthest. Last year's winner was Robert Robb of Ewen. Guest prizes will also be given. All area square dancers are invited to attend and there will be limited space for spectators.

Teachers Set Spring Meeting For April 26

The Menominee District of the Michigan Education Association held their regular fall meeting Wednesday evening at the Carney School.

President Leo Alperovitz, Hermansville, announced that the annual spring dinner meeting would be held on April 26.

The membership adopted an amendment to the constitution to set terms of all officers except the delegate to the representative assembly at one year. Previously terms were two years.

Alperovitz welcomed Edward Havitz, regional past president, of Escanaba, to membership and Havitz spoke on the home for retired teachers project in Saline, Mich.

Speaker of the evening was Arnold Korpi, M.E.A. field representative who talked on tenure.

Mrs. Clifford Luft of Carney was hostess.

Briefly Told

Delta Lodge No. 195 F.&A. M. will entertain in honor of its Past Masters at the Masonic Temple Tuesday, Oct. 27 at 6:30 p.m. with a program and banquet. Visiting Masons are cordially invited to attend.

School Board Meets Tuesday

An auditorium will be turned into a shooting gallery Tuesday night with the Escanaba Area School Board sitting as "clay pigeons" in its special meeting at the Junior High School.

The board—undecided on a millage proposal for a Dec. 22 special election—called the meeting to allow the public, and interested groups, time for presentation of ideas and suggestions concerning the Area School system's operating-funds crisis.

A deficit of \$125,323 is included in the system's 1964-65 operating budget, despite trims of \$93,015 made two weeks ago. Unless additional operating revenue is approved in the December election, the board has committed itself to further reductions.

In a special meeting last week, made public at the last minute, several local groups made proposals to the school board. According to school board sources, the groups have agreed to repeat these proposals Tuesday.

The meeting will begin at 8:30 p.m. in Wm. Oliver Auditorium.

Engineers

The Michigan State Board of Registration for Professional Engineers announces the registration the following Upper Peninsula engineers: Roy Peterson, Anvil Location; Elmer Amble, Brimley; George Premo, Iron River; Robert Stripe, Ontonagon.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss . . . and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment that is not only stopping hair loss . . . but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help anyone already slick bald.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair . . . now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

Financing Government

The Delta County Board of Supervisors raised the salaries of county officers, most of whom will be elected on Nov. 3 for four years. It gave \$500 a year increase to the county clerk, treasurer, friend of the court, prosecutor, sheriff and tax director.

There was no dissent, no fuss, no referral of the increases to the public for its approval; they were judged deserved and just toted up and added to next year's county tax bill.

Contrast this with the problem of the Escanaba Area Board of Education. It studied its teacher salary situation, became convinced that it should raise salaries and raised them from \$340 to \$530. (It has to compete for teachers.) Then it went to the public asking approval of a 4 mill tax for 5 years to cover added operating expenses, which consisted mostly of the salary increases. The tax was voted down overwhelmingly. In prospect as a result is a deficit of \$200,000, plus interest, that will have to be picked up later somehow by the taxpayers.

The point here is that the county board of supervisors is under no problem of public approval of its financing like the board of education. Both are under limitations imposed by law and both are responsible to the voters, but the dependency upon the public approval for any income above the state aids and 7-plus mills of the general property tax levy for schools is a deepening problem of school financing.

The commonplace of public veto of school spending is inevitably encouraging a trend to federalization of our schools which will make them more expensive than they are now, with no assurance that they will be better.

Friends of education must be concerned with the public reaction to the defeat of adequate funds for the current school program. The reaction to date has featured protests of students and adults over loss of cultural and recreational embroiderments of the school program. Where is the concern about the quality of essentials of the school program—in language, science, mathematics, history and civics?

The reaction to defeat of the millage for school operation indicates a public regard for schooling which does not understand its essence and importance. It seizes on things which are only desirable, not imperative, in arguing that the millage is needed. Perhaps this is done in the belief that the public is less concerned with the schools' heart of studies than with their external activities for the public. If this is true, the schools are in a very serious fix indeed. If program cuts to accommodate the millage defeat impair these basic studies the public has erred, and so has the school system.

The Doctor Says:

Prevent Whooping Cough

By Dr. Wayne G. Brandstadt
Whooping cough has joined the list of preventable diseases, but some children get it every year. Because of its seriousness most children are immunized with a series of whooping cough vaccine injections combined with diphtheria and tetanus toxoids at 2, 3, and 4 months of age.

Immunity to whooping cough, however, decreases with time, and many parents fail to take their children back for boosters at 15 months, 3 years and 4 years.

State Offering Pulpwood Sale

Plans were approved last week by the Conservation Commission for a long-term timber sale to private interests which could give the eastern end of the Upper Peninsula an economic shot in the arm by attracting a new, multimillion-dollar pulpwood industry.

Conservation Department forestry officials were given the green light to offer 1,000-600 cords of pulpwood for sale over a 20-year period in Munuscong, Mackinac, Lake Superior, Grand Sable and Manistique River state forests where timber harvests have fallen short of the annual allowable cut.

The sale involving yearly cuttings of 50,000 cords of softwood and hardwood, is contingent upon a new mill being set up or an existing facility expanded in the area to make fuller use of surpluses from the five state forests.

To hold the total stumpage price to a figure favorable for establishing a new or larger industry, the sale will not be open to competitive bidding as is the usual practice. Arrangements will be made directly between an interested company and the Department.

The Department's promotional plans set the stage for a new mill or expanded wood plant which would employ a large number of workers, generate millions of dollars of new income to Michigan, and be the source of considerable tax revenue in the local area.

Development of the industry would create a sizeable new market for pulpwood grown on private and national forest lands in the eastern Upper Peninsula. These two sources would be called upon to meet about 75 per cent of the mill's wood volume needs, with the five state forests providing the remaining one-quarter under the long-term timber sale.

New Baby in the Crowd

SCHOOL MILLAGE

The Area high school millage proposal was not explained properly to the voters. I think it was badly misunderstood.

For what little it is going to mean in money to the taxpayers, it will mean much more to our children in years to come.

We are living in a fast-moving world and to me furthering our educational systems is a step forward and who wants to go backward? We must live with the times.

I know all of us are tired of taxes and that there are many taxes that should not be. But I say—and these thoughts are mine only—after special thought and consideration, that this tax is one that we can hardly say no to. We cannot let our little kids down.

We have a high school band that we can be proud of. Its performances have been outstanding. We can be proud of our athletic program. The boys and girls in these programs should be encouraged rather than discouraged.

The people of Escanaba and the surrounding area can be justly proud of our two fine high schools and the fine programs they offer.

Charles Schramm
319 N. 10th St.

Mr. W. S. Crowe, Manistique
In your letter to the Press regarding what President Johnson said about the Haves and the Have Nots, you listed the Haves as corporation heads, managers, independent merchants, self-employed physicians, lawyers, employees, etc.

How could you fail to list such a large segment of the population of the United States of America as the 30 million persons receiving social security checks, along with the Haves?

If it were not for those social security checks I am afraid you would definitely have to list millions of those people among the Have Nots.

Twenty-Seven years ago there were people just like you who worried how Washington was going to "implement the proposition" of social security. So let us have faith in a younger generation in Washington. We may never abolish poverty but at least I think it is up to the richest country in the world to try.

There are pockets of poverty throughout the country that require attention. It is a big job but it has to be done.

The country that won two world wars and helped rebuild devastated Europe can surely win the war on poverty if it tries.

Robert M. McEwan
412 Center St.
Manistique

88TH CONGRESS

The Congress met a great tragedy with a constructive legislative record in which I am proud to have had a part. Here are just a few highlights: The biggest federal income tax cut in history.

The Nuclear Test Ban Treaty, gaining an immediate cessation of above-ground testing.

The Civil Rights Act, achieved with heavy bipartisan majorities in both Houses, in spite of a protracted Senate filibuster.

The antipoverty program, with its youth conservation camps and incentives to local governments providing an investment in the skills and strength of our people.

Establishment of a 14-member National Commission on Technology, Automation, and Economic Progress—a bill of which I was the Senate sponsor.

Small Business Administration disaster loans to cover all natural disasters, such as our Great Lakes botulism disaster.

An omnibus Securities and Exchange Commission reform bill to protect the American investor.

Extension of the Hill-Burton Hospital Construction Act, the Federal Airport Act, and the highway program.

The Wilderness Act, climaxing nearly 10 years of effort, and the Land and Water Conservation Fund to aid in acquisition and development of outdoor recreation areas.

The Fire Island National Seashore (N.Y.), the Ozark National Rivers (Mo.), and the Canyonlands National Park (Utah).

A program of grants to states and localities to assist in solving

their cities' mass transportation problems.

A 15-member bipartisan Commission on Food Marketing (developed in part from our hearings on packaging and labeling) to which I have been appointed.

A national food stamp program that enhances the dignity as well as the diet of millions of Americans.

Two mental health programs to combat mental illness.

The most substantial advances in education legislation in the nation's history: medical training aid, college construction, vocational education, library services, National Defense Education Act extension and expansion.

Defeat of legislation designed to set aside the Supreme Court decision with respect to the rights of the individual in representation—the apportionment amendment.

The big disappointment was failure to secure House approval of medicare, after Senate passage. An additional push from those at home should see us over the top in the next Congress.

Senator Philip A. Hart

Washington Comment

By RAY CROMLEY
WASHINGTON — (NEA)—Investigation of the Walter Jenkins case has brought to light a security loophole that has existed at the White House for years.

To some extent, personnel security checks at the White House have depended on the individual initiative of whom ever was president of the United States at the time, not on a rigidly enforced detailed set of impartial regulations.

Some presidents have required a complete investigation of almost every new man taken on at the White House or transferred to the new president's immediate service, including old members of the White House staff, old cronies of the new president, and prominent citizens drawn in as personal consultants.

A full field investigation sends agents out to interview present and past neighbors, friends, enemies, employers and other associates to determine if there is anything "derogatory" in the employee's past. These agents delve into a man's record and associates from the time he was born.

For certain trusted aides, other presidents have depended on routine checks, relying on old investigations or their personal knowledge. Sometimes checks have been delayed for considerable periods.

Men who have worked on this problem tell me that President Truman and President Eisenhower were very strict and had "almost everyone" put through full field investigations. President Kennedy, they report, was much more free-wheeling and depended more on his own evaluation of the men close around him. President Johnson has been "more strict than Kennedy."

In at least two of these four administrations, the head security officer himself was not given a new full field investigation on entering the White House. In at least one administration there was a certain laxness in checking out members of the vice president's staff.

a hodgepodge of security practices in the various departments and agencies, President Eisenhower issued Executive Order 10450, Security Requirements for Government Employment, the basic security document for the executive branch of the government.

That document required that "the appointment of each civilian officer or employee in any department or agency of the government shall be made subject to investigation . . . (In) no event shall the investigation include less than a national agency check (including a check of the fingerprint files of the Federal Bureau of Investigation), and written inquiries to appropriate local law enforcement agencies, former employers and supervisors, references and schools attended by the person under investigation . . ."

This order specifically stated that investigations of new appointees to any agency or department of the government (including transfers from other agencies of the government) were to be checked on a variety of matters including "sexual perversion."

The Civil Service Commission was put in charge of seeing that this order was enforced throughout the civilian government—except in the White House.

The FBI can make investigations of White House aides—but only on White House order.

BARBS

By HAL COCHRAN

If every girl and boy got what they wanted on their 25th birthday, this country would run out of autos.

Many a wife gives her husband a wallet for Christmas, knowing he'll eventually have use for it.

It seems that as some husbands rip so shall their wives sew.

You can believe about half of what some politicians say, if you want to be that foolish.

Ann Landers

'Just Tired' Is 'Plenty Stupid'

Dear Ann Landers: The wife who undresses in the closet to escape her husband's lecherous eye and signed herself "Just Tired" is more than "Just Tired." She is also "Plenty Stupid."

The average American housewife and mother leads a fairly busy life, depending on the size of her family, the quality of her housekeeping, and whether or not she has help. But when the end of the day finds the woman hiding in the closet for fear her husband may get ideas, it is more than a matter of "needing her rest." It means the wife has a lopsided scale of values and her husband is at the bottom of the scale.

Cooks and housekeepers are for hire, but certain wifely activities should not be delegated. Some women learn this too late. Others, not at all. — OLD CODGER

Dear Codger: Thanks for a sensible letter. Here's an assist from a female reader who wishes she had the problem:

Dear Ann Landers: Certain wives are luckier than others. For example, the wife whose husband is so amorous she must undress in the closet. What I wouldn't give to see a gleam in my husband's eye, any hour of the day or night. For years I've been trying to live up to my marriage but HE is "Just Tired," or should I be realistic and say he is "Just Not Interested." — BATTING ZERO

Dear Zero: Unhappily, your husband isn't the only one. Read on.

Dear Ann Landers: Please do not publish any more letters like the one which appeared in the Asheville Times recently. Ever since my wife read it she has been undressing in the living room. I'm the one who is — Just Tired.

Dear Tired: Here's more:

Dear Ann: If Mrs. J. T. would stay in the closet during the day, as well as at bedtime, she could avoid cooking, shopping, cleaning and laundry — and her husband as well. Why be only half a wife? With a little ingenuity she could get out of the whole business. — MAC

Dear Mac: The next letter sounds like a buddy of yours. I sense collusion.

Dear Ann: If that dizzy dame has been undressing in the closet for 21 years it is no wonder her husband "suddenly springs to life" when he sees her remove a stocking. I'll bet by this time the poor guy lights up like Chinese New Years when she takes off her hat. — SYMPATHETIC

And now Dear Readers: Let us close the closet door on this issue — once and for all. I am far more accustomed to finding skeletons in closets than tired wives.

Dear Ann Landers: Six years ago when I was in high school I worked on the refreshment stand crew at the football games. During half time we were so rushed that we just stuck the money into any handy pocket. After the game we turned the cash over to the teacher in charge.

I hit on the idea of "accidentally on purpose" forgetting to turn over the money in my back pocket. I never kept track but I guess I must have kept between \$25 and \$30.

This has been on my mind ever since I got out of school, and it bugs me worse as times goes by.

I'd like to go to a bank and find out what the interest rate on \$30 would be for six years. Also, I'd like to figure out the jail sentence or fine if I had been caught. I would then like to send the money to school with a letter of apology.

Please tell me if you think this is wise. — BAD PAST

Dear Past: I admire you for wanting to do the right thing — late though it is.

Send a money order for \$30 along with a note of explanation. And if you sign the note you'll feel better.

If excessive drinking is wrecking your health or destroying someone you love, send for ANN LANDERS' booklet "Help For the Alcoholic," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Hermansville

Firm Cited

Cited for eight consecutive years of operation with no lost-time injuries by the National Association of Bedding Manufacturers is the Clare Bedding Co. of Hermansville. The company will also be presented a certificate of achievement for having no disabling injuries during the 1963-1964 contest which ended June 30.

More people get more news from newspapers than from all other sources combined.

ASPIDISTRA CAN'T PASS A MIRROR—SHE USES THEM ALL—HAND, POCKETBOOK, WALL, ETC—

By Jimmy Hatlo

ALL EXCEPT THE CAR MIRROR WHEN SHE'S BACKING THE FAMILY HEAP OUT, THAT IS—

Detroit Native Heads Financing Of Antipoverty

WASHINGTON (AP)—President Johnson has named Jack P. Conway, an AFL-CIO executive, to lead the Community Action Program to provide financial and technical aid for the President's Antipoverty Program.

Conway, 46, a native of Detroit, who was executive director of the Industrial Union Department of the AFL-CIO, has been working with Sargent Shriver, the director of the Antipoverty Program, since last March in planning the projects.

Passes On Grants

The Community Action Program, which Conway will direct, will authorize and pass on grants to communities taking part in the war on poverty. It will provide aid for programs in urban and rural areas, on Indian reservations and among migrant workers. The White House, in announcing Conway's appointment, said more than 250 cities, counties, Indian groups and others have expressed interest in starting local antipoverty programs. Numerous states have appointed antipoverty coordinators to help communities plan home town campaigns.

Conway's appointment to head this phase of the project, follows the President's first major appointment, earlier this month, of Dr. Otis A. Singleton, chancellor of the University of North Carolina at

Greensboro, to head the Job Corps.

Active In UAW

Conway, who now lives in Washington, once taught sociology and has served on a number of government commissions and agencies. He was deputy administrator of the Housing and Home Finance Agency from March 1961 to March 1962. Prior to that, he was active in the United Automobile Workers, serving for 15 years as administrative assistant to UAW President Walter P. Reuther.

Lisle C. Carter Jr., trustee of the National Urban League, was appointed assistant director in charge of inter-agency relations for the antipoverty program.

Carter will coordinate activities of other federal agencies under the program. He also will be secretary of the Economic Opportunity Program, an advisory group of government department and agency heads.

PERFECT RECORD

FERGUSON, Ky. (AP)—For four years, Glenda Jones had a perfect Sunday school attendance record, then she was stricken with appendicitis.

The following Sunday, while she was recuperating in a hospital miles away, in walked the entire Sunday School and the pastor.

"We didn't want you to have a blot on your record," explained the Rev. Ira Singleton.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

TELEPHONE OPERATORS HELP BOY STRANDED 3000 MILES FROM HOME

Bad weather had forced a transatlantic plane to land at Boston instead of New York.

Aboard the plane, Peter Hansen, a 14-year-old Danish student, was on his way to St. Joseph, Michigan, to visit Mr. and Mrs. Chester J. Byrns.

The airline called Mr. Byrns to tell him the plane had been grounded in Boston; its passengers would be sent by bus to midtown New York. The Byrns realized, however, that Peter would be stranded in a foreign land—alone at night in America's largest city.

Mr. Byrns tried to locate Peter's exact whereabouts and get someone to look after him, but without success. Explaining his problem to the Operator in Benton Harbor, Mr. Byrns suddenly found, as he wrote us

Mrs. Joyce DaDan, Service Assistant

Mrs. Giannina Lounsbury, Senior Operator

MICHIGAN BELL TELEPHONE COMPANY

'Giant' Size Now Illegal

Use of terms in advertising that are more meaningful to the shopper are among requirements in Michigan's new weights and measures law that was passed by the last session of the Legislature.

Agricultural Director G. S. McIntyre said the law is not confined to the advertising of grocery items but also applies to such things as toothpaste, antifreeze, detergents, tablets, and many other items. In advertising, the net contents must be in a close proximity to price when a price is stated.

"Taboo are such terms as 'king size,' giant, jumbo, family size, or economy size when used in conjunction with a content statement on packaged commodities. Also unlawful are such terms as 'tall can,' which may be recognizable to the trade but are not always understood by the purchaser. Net contents must be expressed in the largest single

unit in advertising. A 46-ounce can of something now must be labeled and advertised as one quart, 14 ounces. A 19-ounce package of something now must be labeled and advertised as one pound, three ounces.

Can sizes may be meaningful to the trade but not the consumer, who is interested in net contents. So such terms as 203 can, No. 2 can, No. 2½ can, a No. 10 can must be advertised in terms of net contents.

Also unlawful are "4 packages for 29c" and smaller expressions unless the size of the package is also shown. This also applies to the phrase "large bag," which must be replaced by the net contents of the bag.

Some retailers are complying with the advertising part of the law in excellent fashion while some others appear to be unmindful of the new requirements and are advertising merchandise illegally.

Tokyo jampacks 10,500,000 people—more than Sweden's entire population—into 446 square miles. It adds some 168,000 new residents a year—more than the population of Atlantic City.

WALLACE (LARS) Cameron, superintendent of Gladstone schools, created an impromptu orchestra to entertain the annual Delta County Agricultural Potato Boosters Assn. dinner at Marco's recently and equipped it with some kitchen instruments. The result was surprising both musically and humorously. From left, Pianist Alcott Erickson, Cameron, Mrs. Joe Gryzbowski of Bark River; Felix Johnson (seated), Erwin Ten Haken, John Greene, George Williamson and Isadore Stein. (Daily Press Photo)

Cooks

The Cooks Extension Study Club met at the town hall and elected the following officers: Mrs. Joel Carley, chairman; Mrs. Donald Benard, alternate; Mrs. Erwin Thill, secretary-treasurer; Mrs. Bernard Pou-pore, entertainment chairman. Committeemen are Mrs. John Haindl and Mrs. Maurice Chandler. The meeting date was set for the second Tuesday of the month with the next meeting, Nov. 10.

Mr. and Mrs. Clifford Hill returned to Port Huron after visiting their parents, Mr. and Mrs. Donald Hill and Mr. and Mrs. Leroy Smith.

Mr. and Mrs. Dave Wood and baby have returned to Green Bay after spending the weekend at the Joe Haindl home.

Spuds Like Wax In Delta Tests

Delta County's long familiar potato show got squeezed into a part of the Delta County Agricultural Boosters Association awards dinner program at Marco's Thursday evening.

There was no public showing of the county's best potatoes this year, as there has been every year for more than a quarter century. Instead the best samples were displayed at the agricultural boosters dinner and they will be sent on to represent the county and its important potato industry at the U. P. Potato Show in the Iron River Armory Nov. 10-11.

The show revealed that the county continues to be active in potato research. Results of the year's test plots with new varieties were on exhibit and Joseph L. Heirman, Delta County Extension director, evaluated them for the Escanaba Daily Press.

Snow Flake is a new variety with a specific gravity (solid matter) of 1.063 and it produced 917 bushels an acre, a very good yield. But there are qualities of great importance in a potato beyond size of yield and this new variety showed a lot of green cull matter, indicating a tendency to emulate the sweet potatoes starting from the ground in the Battle Hymn of the Republic.

Sebago with a specific gravity of 1.063 produced 528 bushels per acre. It was grown as a control comparison for the new varieties, being an established variety here, like Russet Burbanks, with a sg of 1.073 and 669 bpa.

Superior is a relatively early new variety with sg of 1.068 which yielded 837 bpa in its third year of trial, much better than it did in the first two years of trial, when it was

rated not so good. Russet Arenac is a new Michigan State University-developed strain with a sg of 1.077 and producing 582 bpa. It is a round, very dark potato with a very heavy netting like alligator hide.

La Rouge, a Louisiana variety that is being grown commercially down there, isn't apt to be grown up here, thinks Heirman. It's a red tuber (we tend to favor whites and russets now) with a sg of 1.065

Rapid River

Mrs. Lowell Thibault has returned to her home from St. Francis Hospital where she had been a patient for two and a half weeks. Mrs. Thibault is the mother of Mrs. Philip Denau and Mrs. Levi Pineau.

As early as 450 B. C., the Greeks in Athens required foreigners to pay taxes; and taxes are mentioned in the Bible.

and producing 929 bpa. Heirman described its taste as "like wax."

N. D. 4193-3, another experimental variety has a sg of 1.069 and produced 891 bpa and looks pretty good.

Holy Jumpers May Leave U.S.

By ROBERT HEARD

LOS ANGELES (AP)—Two hundred years ago in central Russia a group of farmers defied the Russian Orthodox Church by drinking milk whenever they pleased, even on holy days. Despised and persecuted, they were called Molokans—milk-drinkers.

Two hundred years later in Southern California, their descendants wear the Molokan name like a badge of honor and likewise defy many standards of the society in which they live.

One of them, John E. Shubin, 38, recently won the right not to have his long-bearded face photographed for his driver's license, on the grounds that image-making violated his religious beliefs.

A week later, eight Molokan families sailed for Australia in search of a better place to live than Los Angeles, a sunshine mecca to millions but sinful to most Molokans.

Twenty more families are thinking about making the voyage to Australia next month.

The sect is more fully known as the Russian Molokan Christian Holy Spiritual Jumpers. They became jumpers after 1833 when "the holy spirit touched the hearts of the spiritual Christians," according to a Church document.

The Molokans say this is the same spirit that was bestowed upon the Apostles of Jesus, and when it moves them at church rituals, they jump.

Worship by jumping only increased their persecution at the hands of the Czarist government and the Orthodox Church. The Molokans knew they had to get out of Russia. But where should they go?

Fortunately the practice of jumping, which was responsible for stirring persecution to a greater frenzy, also provided the means to learn where God wanted them to go.

According to their belief, a jumping Molokan can prophesy. The prophets said they should come to this country, which they did in the early 1900s, settling principally in the Los Angeles area. But the prophets also told them the United States would not be the final home of the faithful.

Dr. Schweitzer Proud Of Author Kinsman Sartre

LAMBARENE, Gabon (AP)—Dr. Albert Schweitzer, reached at his jungle hospital says that he is proud to have as a kinsman Jean-Paul Sartre, who won the Nobel Prize for literature.

Dr. Schweitzer, who has written theological studies, was asked Friday what he thought of Sartre's philosophy, which leaves out God.

"All opinions are respectable when they are sincere," he said, "and God will surely pardon him for that."

Sartre's maternal grandfather and Dr. Schweitzer, who won a Nobel Peace Prize some years ago, are brothers.

Parish Elects School Board

NORWAY (AP)—History was made by St. Mary's Roman Catholic parish Sunday — the choosing of an elected parish school board.

The action was believed the first of its kind in the Catholic church in America, if not the world. The priest is usually in sole charge of schools in his parish.

Parishioners, acting on the recommendation of their pastor, elected five members of a seven-man board by secret ballot at Sunday mass in this small Michigan Upper Peninsula community.

One Woman Member
The five, including one woman, were chosen from among 15 nominees presented by a church laymen's committee.

The Rt. Rev. Msgr. O'Neil D'Amour, pastor, called for the election in declaring "it is time that Catholic laymen begin to assume their proper places of responsibility in the organizational structure of the church."

Msgr. D'Amour said as far as he knew the St. Mary's parish election was the first of its sort in the nation.

Mrs. Caroline DeDecker, housewife and mother of two children, was one of the five elected.

Care was taken to assure a representative citizens group would be placed in office.

The Rt. Rev. Leno Zadra, assistant pastor, explained the procedure. A purpose, he said, was to provide for a "well balanced board."

School To Be Built
Nominees were chosen by a committee of parish men from five parishioner groups—persons who were or had been members of public school boards, businessmen, persons familiar with finance, men at large, and women.

Parishioners chose one from each group. About 840 ballots were cast. They were turned in at the church door at the end of the mass. Ushers counted the votes.

Elected along with Mrs. DeDecker were Robert Bertoldi, head of an oil distributing company, Joseph Stauber, businessman; James Treiber, an Internal Revenue Service man, and George Hewlett, manager of a grocery distributing firm.

The board, each member with one vote, will plan and run a parish grade school to be built in 1966 for children of parish families here and in neighboring Vulcan and Loretto. Msgr. D'Amour and the school principal, yet to be named, will be the other members.

Dowagiac Back Of Gen. Neifert

DOWAGIAC (AP)—Petitions bearing some 700 signatures calling for the reinstatement of ousted Brig. Gen. Neifert as Quartermaster General of the Michigan National Guard have been mailed to Gov. George Romney.

The signers represent about 10 per cent of the total population of Dowagiac, where Neifert once lived.

Neifert and two other top National Guard officers were fired by Romney two weeks ago after an investigation uncovered a land and liquor scandal.

In their petitions, the Dowagiac signers praised Neifert's "unimpeachable character and reputation."

"We do most respectfully protest the drastic action recently taken against our fellow citizen," the petitions read, adding:

"We respectfully request that Gen. Neifert be granted a full hearing on any charges preferred against him and that he be then reinstated in his status as Quartermaster General of the state of Michigan."

Neifert was a mathematics and science teacher and football coach at Dowagiac Central High School from 1947 to 1958 when he left for his National Guard assignment.

Class Officers Are Chosen At Perkins School

PERKINS—Class officers for the new school year recently elected are:

7th grade—president, Gayle Lauscher; vice-president, Sharon Depuydt; secretary, Beverly Trudell; treasurer, Cheryl Starrine; Student Council, Robert VanDamme.

8th grade, in the same order: Garp Ager, Julie Demeuse, Beverly Vermote, Tony Robbins, Student Council Patty Royer.

9th, Allen Starrine, Mike Lauscher, Diane Falkeis, Pat Backlund, Arthur VanDamme.

10th — Charlene Lauscher, Susan Backlund, Nancy Ritchie, Carol LaChance, Gary Simonsen.

11th — Myra Miljour, Janice Lauscher, Ruth Beauchamp, Karen Smith, Jean Desotelle.

12th grade—David Starrine, Richard Krouth, Robert Lauscher, Carl Wick, Bob Polk.

The Student Council president is Susan Demeuse. David Starrine is vice-president and Jean Desotelle, secretary-treasurer.

Varsity cheerleaders this year are captain, Susan Demeuse, Susan Backlund, Janice Lauscher, Myra Miljour and Jean Desotelle; junior varsity cheerleaders are captain, Sandy Ohlen, Charlene Lauscher, Linda Carlson, Carol LaChance, Darlene Anderson and substitute, Linda Smith.

Meeting Postponed

The monthly PTA meeting which was to be held this Monday evening has been postponed until Monday, Nov. 2, at 7:30 p. m. At that time Ray C. Chase, Forest Ranger from Rapid River, will show a movie on Conservation and will also speak on the subject.

JOHN R. Norlin, son of Mr. and Mrs. Axel A. Norlin, 1612 First Ave. S., Escanaba, has been promoted to airman first class in the U.S. Air Force at Topsham Air Force Station, Maine. Airman Norlin, a graduate of Holy Name High School, is an administrative specialist in a unit that supports the Air Defense Command mission of defending the continental U.S. against enemy air attack.

New Fieldhouse Planned At UM

ANN ARBOR (AP)—University of Michigan Regents adopted plans Friday for a new \$5 million, 14,000-seat field house to be completed by middle or late 1966.

The building will be used for basketball, wrestling and gymnastics, as well as for non-athletic programs such as concerts and graduation ceremonies. It will replace Yost Field House for the indoor athletic events.

In addition to 14,000 permanent seats, some 2,000 temporary seats will be available in the oval-shaped structure.

The building, located just east of Michigan Stadium, will be financed by athletic revenues and bonds of the Board in Control of Intercollegiate Athletics.

American Voters Puzzle Pollers

NEW YORK (AP)—Public opinion pollsters have had a rough time in this presidential election year, trying to divine the intentions of that skittish critter, the American voter.

Nor is this the first time he has confounded them, notably in 1936, in 1948 and to a lesser degree in 1952.

So some questions arise. Is President Johnson in fact as far ahead of Arizona Sen. Barry Goldwater as the polls indicate at this stage?

Generally the figures give Johnson around 60 per cent of the vote. Some polls run higher than that, and some show a slightly lower figure. On Oct. 18 George Gallup, director of the American Institute of Public Opinion, gave Johnson 64 per cent and described this as an "unprecedented lead."

Lead Cut Down
Are some factors, deep seated and difficult to measure, operating for Goldwater?

On Oct. 12 pollster Louis Harris said the GOP candidate "has cut President Johnson's lead." Harris put it at 58 per cent to 34 for Goldwater with eight per cent undecided.

On Oct. 14 a newspaper trade magazine, The American Press, said its poll of weekly and small daily newspaper publishers showed that the publishers believe Goldwater will win majority support from voters in their circulation areas. The magazine said the poll—taken mostly in rural areas—gave Goldwater 59.9 per cent to Johnson's 40.1 per cent. Wallace J. Olds, managing editor of the magazine, said 10,000 cards had been sent to subscribing publishers and replies received from all states except Utah, Alaska and Hawaii.

Many Undecided
How many voters are still undecided, refuse to state a preference, or may switch between now and election day?

On Oct. 22 Goldwater's campaign director, Denison Kitchel, said Republicans are receiving "very encouraging reports" about switching.

Gallup, in an interview with U.S. News & World Report, said in the magazine's Oct. 5 issue he believed "about 80 per cent" of the voters have made up their minds.

Pollsters generally emphasize that their findings are "as of today" and that positions may change by election day.

There is the record for this year—and the stunning results of some other years.

The pollsters did not hit the nail on the head in the GOP presidential primaries in New Hampshire, Oregon and California.

They did not detect the tide of write-in votes that gave the New Hampshire election to Ambassador Henry Cabot Lodge. In Oregon, polls showed Lodge leading, whereas New York's

Gov. Nelson A. Rockefeller won. In California Rockefeller led in the polls, but Goldwater won in the ballot box.

Shocker In 1936
In both Oregon and California, pollsters did get close to the beam in the 11th-hour reporting. They spoke of shifts toward Rockefeller in Oregon and toward Goldwater in California.

The recent national elections in Britain also confounded the pollsters. The Labor party won by 0.7 per cent.

On election day, Oct. 15, three major polls published their final surveys.

The National Opinion Poll picked Labor by 3 per cent. The Gallup poll saw Labor winning by 3.5 per cent. And the newspaper Daily Express published results of its own survey showing the Conservatives winning by 0.8 per cent.

But these reverse-English results, in both the United States and Britain this year, are minor slips compared to the shockers of 1936 and 1948.

In 1936 the magazine Literary Digest sent out cards asking the preferences of more than 2 million persons. On the basis of replies, the magazine concluded that Gov. Alfred M. Landon would defeat Franklin D. Roosevelt. Instead, there was a Roosevelt landslide.

In 1948 New York's Gov. Thomas E. Dewey appeared to be running so far ahead of President Truman that some pollsters stopped surveying long before election day. The three major polls gave Dewey 49.5, 50.1 and 52.8. They rated Truman at 45.0, 44.5 and 37.5 per cent.

Truman won with almost 50 per cent of the total popular vote.

However, in the spectacular, down-to-the-wire 1960 race between the late John F. Kennedy and Vice President Richard M. Nixon, the polls predicted the winner, said it would be a tight contest, and came close to hitting the percentage points that finally went into their respective columns.

A poll is not a micrometric precision instrument. And human behavior is difficult to predict. It's as elusive as quicksilver.

On Nov. 4 you'll know if the polls were right this year.

State Briefs
COLUMBUS, Ohio (AP)—The Rev. Dr. Norman Menter, 66, of Detroit has been reelected vice president of the American Lutheran Church at the second general convention of the denomination at Columbus.

ANN ARBOR (AP)—Prof. Charles Joiner, associate dean of the University of Michigan law school, has predicted that 100,000 visitors will average four days each in Ann Arbor during the 1967 Sesquicentennial Year.

Terrorism Has Major Role In South Viet Nam

SAIGON, South Viet Nam (AP) — Terror and counter-terror, persistent themes of Vietnamese political and military history for many centuries, continue to play a dominant role in the increasingly bloody war raging now.

Terror is used for interrogation, as propaganda, as punishment and as revenge. Neither the Viet Cong nor Saigon government forces have any monopoly on its use.

Terror strikes in many forms. A month ago, it came to a battalion of Vietnamese Rangers caught in an ambush near the

Mekong River delta town of Cau Ke.

A Viet Cong unit concealed in a Buddhist pagoda opened fire on the government unit, killing 10 Rangers, including an American sergeant advising them.

A few days ago the same Ranger unit was back for an operation at the same place, spoiling for revenge.

The pagoda was deserted but three likely looking suspects, all of them Vietnamese of Cambodian extraction, happened to be in the area. The Rangers picked them up.

Their arms tied behind their backs, the three men were given the "water treatment". A cloth is placed over the face of the prisoner and water is poured over the cloth, tending to suffocate the man. Just before he loses consciousness, he is released. This is repeated until he talks.

Chances of surviving field interrogation are often extremely poor. Death can come for prisoners under the tracks of armored vehicles, by decapitation or by bleeding to death after both hands have been chopped off, or by a bullet through the head.

It is all part of the war in South Viet Nam.

Rapid River Man Burned In Stove Accident

A 55-year-old Rapid River man was burned seriously and his cottage at Anderson Mill gutted by fire early Sunday when kerosene he was pouring into a stove exploded, State Police of the Gladstone post reported.

Homer Brabant was listed in "fair" conditions today at St. Francis Hospital with first and second degree burns on his legs, hands, face and back.

Troopers said Brabant's clothing caught fire when kerosene he was pouring into a stove ignited and burst into the room. The cabin, owned by George Anderson of Rapid River, was a total loss, police said.

The Rapid River Fire Dept. was called to extinguish the fire.

Boy Strangled

PETOSKEY (AP) — Accidental strangulation was the ruling by Coroner Leroy Smith in the death of Joseph E. Curtiss, 13, of nearby Pickerel Lake. The body was discovered early Sunday. Police said the boy left home to play Saturday and failed to return. Searchers discovered him hanged from a tree by a rope on the property of his parents, Mr. and Mrs. Harold E. Curtiss.

Illness Fatal To Mrs. Kesler

Mrs. Anna Kesler, 72, of 312 S. 10th St., wife of Merville (Bud) Kesler, died Sunday at 12:30 p.m. at St. Francis Hospital following a week's illness. Mrs. Kesler, who had lived in Escanaba 50 years, was born in Faithorn July 18, 1892. She was a member of St. Stephen's Episcopal Church.

Surviving are her husband, three sons, John of Minneapolis, James of Fremont, Calif., and Patrick, Donville, Calif., two daughters, Mrs. Paul (Helena) LaPorte, Escanaba, and Mrs. Keith (Lou) McDonald, Menominee Falls, Wis., one sister, Mrs. Christine Christian, 20 grandchildren and four great grandchildren.

Friends of the family may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday. The body will be removed at 1 p.m. Wednesday to St. Stephen's Episcopal Church where services will be held at 2 p.m. The Rev. Ben Helmer will officiate. Burial will be in Lakeview Cemetery.

College Night Set Thursday At High School

Representatives of 23 colleges, universities and trade schools will be in Escanaba Thursday to participate in the 6th Annual College Night program at Escanaba Area High School.

The event, sponsored by the guidance department of the high school, is designed to give college-oriented junior and senior students an opportunity to get acquainted with colleges of their choice.

The 40-minute periods have been scheduled by high school officials, beginning at 7:15 p.m. Students and parents from all county high schools have been invited.

People And Cars Spoiling Tahiti

SAN FRANCISCO (AP) — "It's not the same any more," complains Harry Close, of Mill Valley.

The graying retired tool and die maker returned Sunday from his third sailing voyage to Tahiti.

"People and cars all over the place," said Close as he ended his 4,200-mile cruise from Papeete on his schooner, Victor.

Hospital

Mrs. Barbara Rowell of Ford River has been admitted to Bellin Memorial Hospital, Green Bay.

Rail Strike Ends

ROME (AP) — Communist-led railway workers concluded a week-long strike on Italy's state railways today but threatened further walkouts. Government sources estimated the strike cost the railways up to \$56 million.

GOV. GEORGE ROMNEY lays the cornerstone of new mathematics, physics and chemistry building at the Sault Ste. Marie campus of Michigan Tech Saturday. The building at the Sault Ste. Marie campus of Michigan Tech Saturday. The building is the first built by the state since Tech took over the former Fort Brady complex for its Sault Branch. Romney lauded Tech for researches to aid Michigan which are being expanded with a new \$750,000 state research fund established by the Legislature.

First Donations Create Concern

A. W. Freeman, president of Delta United Charities, which started its annual campaign to finance 8 Delta County youth, health and welfare services last week, today expressed concern over first reports from the campaign.

"We have had some early returns of as little as 25 cents per person," said Freeman.

"This," he said "is so unrealistic that it is disheartening to the volunteer leaders of DUC. We have been assured in hundreds of inquiries that the county wants federated giving to charities instead of having each charity conduct its own campaign, but unless people will give a substantial amount in one campaign to cover all the 8 agencies, the plan won't work."

"We don't know people's means and hesitate to suggest what anyone should give, but we suggest that these volunteer agencies are vital to Delta County's public services. The Red Cross Blood Bank, the Child Guidance Clinic, Retarded School, the Boy Scouts and Girl Scouts and Camp Fire Girls and other agencies depend on these funds."

"We have a goal of \$50,000."

Briefly Told

The Escanaba Aqua-Nuts
Water Ski Club will meet at 7 p.m. Tuesday at John Lemmer School.

The Evening Star Lodge
will meet at 8 p.m. Tuesday at the Chamber of Commerce building.

The Rotary Club of Escanaba
at its Tuesday meeting will have as its speaker Richard Rinehart, president, Bay de Noc Community College.

Escanaba police have issued traffic court summonses to Thomas Lehms, Gladstone Rte. 1, failing to exercise due care and expired operator's license; David J. Swed, 525 N. 20th St., speeding; and Ramona L. Deiter, 1112 3rd Ave. S., no operator's license on person and defective muffler.

THE YOUNG DEMOCRATS Club of Northern Michigan University will meet Tuesday to select a successor to Jeff Mirate, above, who resigned as club chairman recently after disclosing that he had cast an absentee voter ballot for the Goldwater ticket in his home town of Schenectady, N.Y. The NMU student said he read books by Goldwater and the late President Kennedy last summer and that the views expressed in the books caused him to change his political allegiance. However, he continued to distribute campaign literature until immediately prior to his resignation as club chairman last week.

Two Hurt In Traffic Mishaps

Two persons were hospitalized with injuries suffered in weekend traffic accidents, State Police of the Gladstone post reported today.

Donald Chenier, 824 Sheridan Rd., Escanaba, was reported in "fair" condition at St. Francis Hospital after being run over by a car Sunday, while David Peterson, Iron Mountain, was listed in "good" condition after he fell off a hay-ride wagon Saturday night.

Troopers said Chenier was riding on the hood of a car driven by Clinton Plouff, Rt. 1, Gladstone, when he fell off, passing under the car. The accident happened on Co. Rd. 416, one tenth of a mile east of Co. Rd. D 39, police said.

Plouff was issued a summons for reckless driving, officers reported.

Peterson was hurt in a fall from a hay wagon driven by a Rapid River youth on County Rd. 511, two miles south of U. S. 2, police said.

Lawrence Young, Rte. 1, Gladstone, was ticketed for not having an operator's license, and John Buckland, Cornell, was issued a summons for failure to yield the right of way after their cars collided at the intersection of Co. Rds. D 19 and 416, state police said. The Buckland car pulled out from D 19 into the path of the Young vehicle, officers reported.

Vivian Wesolowski, 1110 Delta Ave., Gladstone was issued a summons for failure to have her car under control after she ran off highway U. S. 2 at the intersection of Co. Rd. 4 and rolled over, police reported.

Archie B. McCormick, Rte. 1, Gladstone, was ticketed by State Police for failure to stop and identify at a property damage accident after hitting a parked car owned by Richard Patana, Ishpeming, in Rapid River.

VFW National Officer Coming Here Wednesday

Arrangements are being completed by Hiawatha Post 2998 of the Veterans of Foreign Wars of the U.S. and Auxiliary to welcome National Senior Vice Commander in Chief Andy Borg and his committee in Escanaba on Wednesday evening.

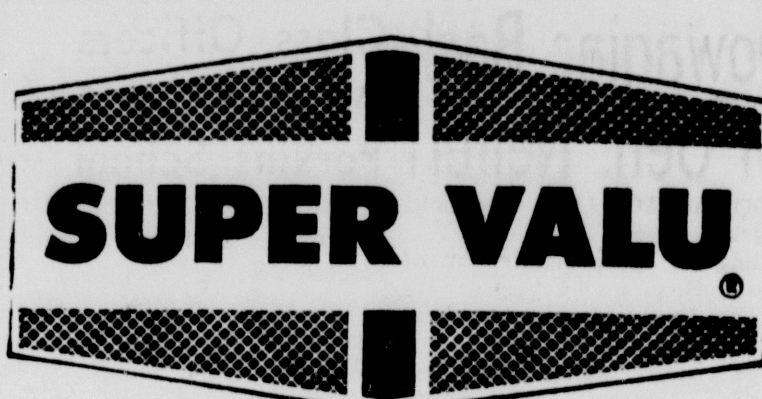

The committee is composed of Angus McDonald, Department commander; Pat Foley, membership chairman; and Ralph Bell, 14th District commander.

They are scheduled to arrive at 8:30 p.m. Wednesday and will be greeted at the VFW Post club rooms by an honor guard including Post Commander Pohn Anzalone and Membership Chairman Ernest Briere, who is also a senior vice commander.

A banquet will be served at 9 a.m. in the clubrooms when city and county officials, as well as veterans and union groups, will be represented.

Neighboring VFW posts in Menominee, Daggett, Negaunee and Republic will have delegations in Escanaba for the banquet. All Post and Auxiliary officers are expected to attend.

George Harvey, city manager, who is also the VFW service officer for the local Post, will be master of ceremonies, and the national senior vice commander will be the speaker.

Mel & Elmer's

Junior Crime Probe Started

Escanaba police and juvenile court authorities today were piecing together the weekend activities of some of the community's junior crime crowd.

The weekend crime wave included car theft, assault, and traffic law violations.

One of the young men is 17 years old and will therefore be arraigned in adult court. The others will be referred to juvenile court for investigation.

The 17-year-old is John Bergerson, 217 N. 10th St., who with a 16-year-old boy companion is charged with breaking into the Northern Motor Co. and driving away a new 1965 automobile shortly before 1 a.m. Sunday. They pilfered a license plate from an auto by Robert Westerlund, 329 N. 12th St.

At 2:31 a.m. at the Spur Gas Station, 1507 Washington Ave., they are alleged to have assaulted Ernest Kenonen, 227 N. 11th St., the attendant, and left with gasoline unpaid for and about \$60 from the cash drawer and Kenonen's wallet.

Kenonen was knocked down and gagged. He was treated at St. Francis Hospital and was reported as not seriously hurt.

State Police picked up the youths near Rogers City below the Straits at 6:13 a.m. Sheriff Cully Johnson is returning them to Escanaba.

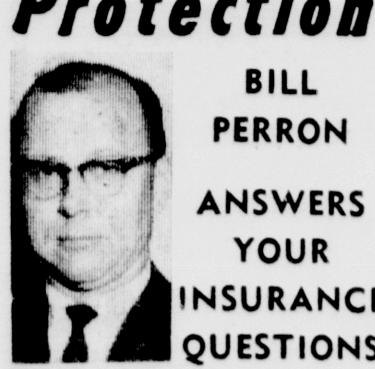

Two other Escanaba boys, both 16, drove away a car from the Caswell lot, drove to Peshtigo, Wis., and there failed to pay for gasoline at a station, were chased by Peshtigo city police and were apprehended after their car hit a service station.

The boys were held and their parents notified.

Sen. McNamara Visits Saturday

U.S. Senator Patrick McNamara and Mrs. McNamara spent three hours at the House of Ludington Saturday enroute by car to the Lower Peninsula. They spent the week in the Upper Peninsula.

FOR YOUR PROTECTION

BILL PERRON
ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: Recently some friends of ours had a serious fire. When the firemen had put out the fire, our friends wanted to go into the least damaged part of the house to move some furniture to their garage which had not burned. However somebody told them if they moved anything the insurance company might not pay for their loss. Is this correct?

ANSWER: Far from it. Actually it was the duty of your friends to move their possessions to a safe place if they could do so without danger to themselves. People who suffer a fire loss are obligated to do anything possible to prevent further loss to undamaged or partially damaged property.

Economy Of US Makes New Jobs

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Jobs have been increasing much faster than government statistics might indicate. And contrary to the widely held view that jobs are disappearing, the U.S. economy has been producing new ones at a rate that outstrips the gain in the working age population.

This challenge to the government statistics on the percentage of the labor force that can't find work is made by the economists of the Federal Reserve Bank of St. Louis, Mo.

Jobless Rate Unchanged
The official unemployment rate has held stubbornly above 5 per cent, except for one month

for several years. This has been dubbed one of the most serious shortcomings of an otherwise largely prosperous economy.

The bank contends that the economy's job-producing achievement has been downgraded because the wrong basis of comparison is used.

The government estimate of employment, unemployment, and the rate of joblessness in the labor force is based on a monthly survey of 35,000 households by the Department of Labor. The labor force thus estimated is a projection of the sum of those with jobs and those who say they want jobs. It varies widely from month to month as people decide they do or don't want work.

The bank economists hold that other data collected by the department is more accurate and a much better indicator of short-run employment developments. This is the payroll employment reported each month by employers.

Hanna Companies Moving Offices

After more than 50 years in the same location, headquarters offices of the Hanna companies of Cleveland are being moved. The move is from the Leader Building at E. 6th St. and Superior Ave., to the Erieview Plaza at E. 9th St. and St. Clair Ave. In the new location, more than 200 employees will occupy floors 34 through 37, containing about 65,000 square feet of space. Greatest portion of the space will be occupied by Hanna Mining Co., one of the world's large independent iron ore mining companies. Moving to the 37th floor is M. A. Hanna Co., one of the nation's large investment companies. Later in the year, the Cleveland offices of National Steel Corp., in which M. A. Hanna holds a substantial minority interest, will move to the 34th floor.

Keep Fire-Safe At Halloween

Halloween, traditionally a day of fun for the children, is recognized by the fire authorities as a day of danger unless safety precautions are taken. If not, flammable costumes and candles in Jack O'Lanterns give fire, top killer of children in the home, an added claim to young victims.

Escanaba Fire Chief Nels Bergeon said that flameproofing all costumes made of loosely woven fabric is one of the most important safety measures the National Board of Fire Underwriters emphasizes.

Chief Bergeon said that the process can be accomplished by dipping the costumes in a solution of 9-ounces Borax and 4-ounces of Boric Acid to each gallon of water. The garment should be rung by hand and hung out to dry.

Ironing does not affect the flame-resistance, but the treatment must be repeated after each laundering.

A word of caution, "don't expect too much from the term flameproof," Chief Bergeon said that if you hold a match to the flameproofed fabric it will burn, but it will not continue to do so when you take the match away. So please refrain from smoking in any public assemblage where children are having their Halloween parties.

Jack O'Lanterns will be safe if flashlights are substituted for candles. This can be accomplished by fitting a cardboard collar inside the pumpkin around the flashlight to keep it upright.

THIS IS THE FIRST official picture of Prime Minister Harold Wilson of Great Britain in the cabinet room of his official residence at No. 10 Downing Street, London. In the foreground is the "hot line" direct telephone connection with Washington. (AP Wirephoto via cable from London)

Forest Service Won't Swap For Lakeshore Land

RHINELANDER, Wis. — The potential and means for the development of farm recreation projects received major attention at a meeting of rural leaders from Wisconsin, Minnesota and Michigan here.

"When a dozen worms sell for more than a dozen eggs, we feel that farmers are missing an important market." This statement, made by Tom Pattison, state director of FHA in Wisconsin, prompted members of the Northern Great Lakes Resource Development Committee to pass a resolution suggesting that the Farmers Home Administration liberalize loan policies to both farmers and non-farmers wanting to develop a recreation business.

Pattison reminded committee members that rural residents of the northern Great Lakes area complain that both the growing season and the tourist season are too short.

"We seem to be entering a new diversified approach to farming, with one business devoted to serving tourists and the other geared to producing food," Pattison said.

Richard Knox, forester from Milwaukee, told committee members that forestry cooperatives "can play a highly important role in the management of small woodlands, and the harvesting and marketing of forest products wherever an economic need exists." He pointed out that almost 60 per cent of the commercial forest land in the United States is in farm ownership or belongs to other private non-industrial owners. Many of these holdings are less than 100 acres.

No Land Exchange
Stressing that many U. S. Department of Agriculture agencies are now serving needs of total communities, as well as farmers, U. S. Soil Conservation representatives from the three states itemized dozens of examples of specific agency services to private concerns, communities, municipalities and planning commissions.

Regarding the proposed Pictured Rocks National Park in Michigan and suggested land exchanges between their agency and private owners, the Federal Forest Service told the group that historic tradition and recent congressional decisions on parallel situations indicated that such exchanges would not be in the public interest. Citing congressional action on a similar proposal, the U. S. Forest Service stated that this type of land exchange is a special interest proposal that would give a preferential status to one class of timber operators at the expense of other timber operators.

The report, in essence, was U. S. Secretary of Agriculture Orville Freeman's answer to a proposal by Michigan's Upper Peninsula Committee for Area Progress. UPCAP had asked Secretary Freeman, who is also chairman of the President's Recreational Advisory Council, to probe chances for the Federal Forest Service exchanging land with Cleveland Cliffs Iron Co., a major land owner in the park area.

Roy Jensen of Escanaba reported on the progress of a project to revitalize the commercial fishing industry of Lake Superior. "Within the last year, our demand for Lake Michigan perch has been increased tenfold due to improved processing and promotion," Jensen said.

He predicted the same success can be attained in creating a market for herring and other Lake Superior fish. Jensen also reported that recent checks by the Wisconsin Department of Conservation and the U. S. Bureau of Commercial Fisheries indicate that lake trout are coming back in Lake Superior much faster than has been predicted.

Reviewing the history and goals of another organization — the Great Lakes Recreation Council — Ken Borman of Houghton told the Tri-state Committee that their organization was much needed. "We like the way you're integrating tourism into your total economic development efforts," said Borman, secretary-manager of the Upper Michigan Tourist Association. He predicted that many of the projects that will determine the future of tourism will transcend state boundaries.

The committee also heard reports from the Small Business Administration. The Extension Service of the University of Wisconsin, the University of Minnesota and Michigan State University have agreed to provide consultant services to the Tri-state group.

Powers-Spalding Extension Club

The Powers-Spalding Extension Study Club will meet Tuesday, Oct. 27, at 8 p.m. at the home of Mrs. Dennis Paquin. The lesson, Dressing by Design, will be presented by Mrs. Nelson LaBonte and Mrs. Melvin Fazer.

The Handy Helpers 4-H Club held a regular meeting at the home of Mrs. Earl Kell after school. They learned the measurement of materials and parts of the sewing machine. The next meeting will be Friday, Oct. 30, when they will learn how to operate a sewing machine.

MANISTIQUE

Harold Cockram Now With Sales Staff At Inland

Inland Line and Stone Co. announces the appointment of Harold A. Cockram of Saginaw as assistant sales manager effective Oct. 26.

Born in Manistique and a graduate of MHS and Hillsdale College, he has been engaged since World War II in industrial hardware sales work in the Lower Peninsula and for the past several years has been sales manager for an industrial supply firm in that area.

He served 1942-46 as an officer of the Navy in the Pacific Amphibious fleet during World War I.

He and Mrs. Cockram have two sons and two daughters. The family will move to Manistique when necessary housing arrangements have been made. John W. Moffat, vice president and general manager said.

Briefly Told

Jobs Daughters meet Tuesday at 7 p.m. in the Masonic Temple. Initiation is scheduled and refreshments will be served. All persons of proper Masonic affiliation are invited.

Senior Citizens meet Tuesday at 7:30 p.m. at the K of C Hall. John Hakala, Seney Refuge manager, will show slides on Alaska. Card games and lunch will follow. All senior citizens are welcome.

Cars driven by Stephen Flodin, 320 Chippewa Ave., David Eck, 704 Garden, and William Scoon, 135 S. 4th, were slightly damaged in an accident at 11:50 p.m., Friday in the 200 block of S. Cedar St. Officers said the Flodin car hit the rear of the Eck car, pushing it into Scoon's. No one was injured.

State Scholar Forms Due Nov. 2

Students who wish to apply for scholarship qualifying examinations under the state higher education assistance authority are asked to file applications by Nov. 2. Forms are available from the counseling department of Manistique High School. The examination is open to all high school seniors and graduates who have not previously attended a college since graduation. The examinations determine which are eligible for the competitive scholarships.

Timber Trail Officers Named

Girl Scouts, Camp Timber Trail Inc., held their annual meeting in Marquette, electing Mrs. Max Reynolds, president, Mrs. Earl LaMothe of Munising, vice president, Mrs. Wilfred Rheault, Marquette, secretary and Mrs. Morris Laux of Manistique, treasurer. Mrs. Earl Williamson of Manistique was elected registrar. Mrs. Laux, Mrs. Williamson and Mrs. James Slining attended the meeting.

Hull Is Off To Fast Start

By The Associated Press Bobby Hull's reputation is in jeopardy — and that's bound to be bad news for National Hockey League goalies.

The Chicago Black Hawks' super-star, a notoriously slow starter, is firing at a goal-a-game clip after scoring three goals in a 5-2 victory over the New York Rangers Sunday night.

Hull's 12th career hat trick, first of the young HL season, and a pair of goals by scoring champion Stan Mikita lifted the Hawks into a four-way tie for first place with Montreal, Toronto and Detroit. The Red Wings blanked Boston 4-0 behind rookie goaltender Roger Crozier in Sunday's other game.

Hull has scored five goals in five games, an indication that he's ready for another assault on the 50-goal season record he shares with former Montreal stars Maurice Richard and Bernie (Boom Boom) Geoffrion.

Sagging Packers Beaten By Rams; Giants Crushed

By The Associated Press Bobby Smith runs more than 90 yards every time he scores a touchdown, and Bucky Pope, his Los Angeles Rams' teammate, scores a touchdown every other time he catches a pass.

But Jim Marshall of the Minnesota Vikings hopes he hasn't started a personal trend on running with recovered fumbles.

Smith and Pope starred for the second straight week as the surprising Rams defeated the sagging Green Bay Packers 27-17 in the National Football League Sunday. Marshall glittered in his own yard in the fourth quarter of the Vikings' 27-22 triumph over the San Francisco 49ers.

Bill Kilmer caught a pass from George Mira on the 49er 40, but he bobbled the ball, Marshall, a five-year veteran, alert-

ly snatched it and lit out for the end zone.

Sixty yards later, he arrived there safely. Unfortunately, he had failed to hear the screams of his teammates. They had tried to warn him that he was running the wrong way.

So instead of the Vikings receiving six points for a touchdown, the 49ers earned two points for a safety, a harmless

two points as things turned out. "I didn't know what I had done," an embarrassed Marshall said after the game. "Things just happened. I didn't even know I had picked up the fumble. I lost all sense of direction."

But that wasn't the case with Smith, the Rams' electrifying defensive back. He scooped up Paul Hornung's partially blocked field goal attempt on Los Angeles' six-yard line in the third quarter and raced 94 yards for the touchdown that put the Rams ahead to stay.

The touchdown was the second for Smith this season, the first coming last Sunday against the 49ers. It was a brilliant 97-yard run with an intercepted pass. Both plays are the longest in the NFL this season.

Rookie Pope, a pass receiver from Catawba College, also was in on a long play, a 55-yard scoring pass from Roman Gabriel in the second quarter. The pass, the only one he caught in the game, brought his season record to 12 passes received, six going for touchdowns.

In other NFL games Sunday, Cleveland crushed New York 42-20, Baltimore trampled Detroit 34-0, Dallas whipped St. Louis 31-13, Washington defeated Chicago 27-20 and Philadelphia knocked off Pittsburgh 34-10.

In the American Football League, San Diego edged Houston 20-17 and Oakland ran over

Denver 40-7. Buffalo beat New York 34-24 Saturday night and Boston trimmed Kansas City 24-7 Friday night.

Cleveland took over sole possession of first place in the Eastern Conference, scoring twice in the fourth quarter on Giant fumbles. Paul Wiggins stepped into the end zone after grabbing Dick James' bobble on the two-yard line, and Charley Scales raced 18 yards following a miscue by Clarence Childs.

Dallas, meanwhile, dropped the Cardinals into second place in the East as Don Meredith threw to Franke Clarke for one touchdown and tossed to the same receiver, setting up another. Amos Marsh ran for two more scores.

Johnny Unitas flipped touchdown aerials to Ray Berry and Jimmy Orr, carrying Western Conference-leader Baltimore to its sixth straight triumph. The Lions had gone into the game with the league's toughest defense.

Chicago tied Washington 20-20 on Billy Wade's late touchdown pass to Joe Marconi, but the Redskins won when Sonny Jurgensen threw his fourth scoring pass, a 15-yarder to Pres Carpenter.

Red Mack snared three passes for 104 yards, and Ollie Matson ran and caught passes for 136 yards, paving the way for an easy Philadelphia victory over the Steelers.

Gophers Miss Late TD Shot

ANN ARBOR (AP) — When Michigan meets Northwestern in football this Saturday it will mark the first time in five weeks that it will be playing a team that hasn't been giving the Wolverines trouble in recent history.

The Wolverines held on to take a 19-12 victory over Minnesota last Saturday and regain possession of the Little Brown Jug for the first time in five years.

In previous games with Navy, Michigan State and Purdue, the Wolverines were playing teams which had defeated them in at least their last two meetings. Only Purdue's winning streak remains.

Michigan defeated Northwestern 27-6 last year for one of its three victories. Michigan holds a 24-10-2 edge in the series. The Wildcats last won in 1959 and the two did not meet in 1961 or 1962.

Coach Bump Elliott's Wolverines coasted for three periods against Minnesota, then had to stop a would-be scoring drive at their own three-yard line as the Gophers were trying to get an equalizing touchdown.

The Wolverines held a 19-0 lead after three quarters on touchdowns of one yard each by Mel Anthony and Bob Timberlake, a 29-yard field goal, two extra points by Timberlake and a safety.

Even when Minnesota scored on an 11-yard pass play early in the final period, no one got excited.

Later, Michigan marched from its own 36 to the Minnesota 18. There, Kraig Loftus intercepted a Timberlake pass and raced 91 yards for a touchdown.

Bowl Game Foes Shape Up With Five Big Names

By The Associated Press Altogether now coaches — let's hear it: "We're going to play 'em one at a time." Woody. . . Ara. . . Bear. . . you're in great voice.

The nation's unbeaten, untied big five — Ohio State, Notre Dame, Alabama, Arkansas, Nebraska — are charter members of college football's Mid-season Mounting Pressure and Cliche Taboo in which there are these taboos:

- 1. overconfidence
- 2. optimism
- 3. bowl talk

Unbecomingly by such restrictions, the athletic board or alumni, the scribe can fearlessly list a possible postseason line-up and risk being barred by the American Football Coaches Association from all dressing rooms.

Rose Bowl — Ohio State vs. Oregon.

Sugar Bowl — Alabama or Louisiana State vs. Notre Dame or Georgia Tech.

Cotton Bowl — Arkansas vs. Nebraska.

Orange Bowl — Texas vs. Alabama or Louisiana State.

Gator Bowl — Florida-Florida State winner vs. Duke.

Second-ranked Notre Dame, off to its best start since its last unbeaten season in 1953, beat Stanford 28-6 Saturday with Sugar Bowl representatives in the stands "to demonstrate interests."

"Who talks about bowl games in the middle of the season?", asked Irish Coach Ara Parseghian. "This is a matter for the athletic board, anyway."

Notre Dame has had an anti-bowl policy since the 27-10 conquest of Stanford in the 1925 Rose Bowl. A few years ago, however, Athletic Director Moose Krause suggested he might take kindly to an invitation when the Irish merited one, carefully pointing out he was not speaking for the board. This may be the year.

To better explain the post-season prognostications take a closer look at conference and regional breakdowns:

Big Ten

Top-ranked Ohio State, under the firm hand of Woody Hayes, appears to have the inside track for the crown and the trip to Pasadena although Purdue still shares first place with the Buckeyes. Defending champion Illinois and Michigan are far from out of it, too. But Ohio State has already beaten the Illini. Purdue-Illinois and Ohio State-Iowa are big games this Saturday with Michigan-Ohio State in the season's windup.

Southeastern

Alabama, the No. 3 club Bryant calls "the best crew of young folks I've ever been around," solidified its first place grip by edging Florida 17-14. The Crimson Tide keeps rolling even with quarterback Joe Namath injured because Steve Sloan takes over so smoothly. The ninth-ranked Gators missed a field goal on the final play. No. 7 LSU salvaged a 3-3 tie with underdog Tennessee in a fierce defensive war. LSU is worried about an ambush from traditional rival Mississippi — having its troubles so far and tied by Vanderbilt 7-7 — before the Tigers take on Alabama in the big one Nov. 7 at Birmingham. LSU still hasn't lost. Florida and LSU have a hurricane-postponed date Dec. 5.

Southwest

Arkansas, fourth-ranked and owner of the only victory over Texas in 17 games, heads the race for the host Cotton Bowl berth and will resume league campaigning against Texas A&M after a nonconference 17-0 breeze over Wichita, Texas, No. 6, remained close by edging Rice on a pair of field goals. Next: SMU.

FAR WEST-AAWU

At first glance it's a five-way

scramble among Oregon, Oregon State, Southern California, UCLA and Washington State. Each has a 1-0 league record and not a hint of national ranking among them. Oregon is the lone unbeaten after nipping Washington 7-0 and is this corner's pick in the Nov. 21 showdown with Oregon State. State upset eighth-ranked Syracuse 31-13. Southern California outlasted California 26-2. AAWU fathers will think twice before sending to Pasadena the Trojans who already have lost to Ohio State 17-0. Washington State, upset loser to Idaho 28-13, and UCLA, which has lost its early sharpness recently, figure to begin settling down in the standings soon.

Big Eight

Fifth-ranked Nebraska held Colorado to minus-three rushing yards en route to a 21-3 victory. Kansas kept pace in the race by nudging Oklahoma State 14-13. So far the Huskers have shown too much defense for the rest of the league. Missouri, 10-0 conqueror of Iowa State, is the roadblock dead ahead. Nebraska's Orange Bowl champs doubtless would like to try a different post-season setting this trip.

Atlantic Coast

Unbeaten, once-tied Duke, which whipped Army 6-0 with field goals and defense, is in command after turning back chief rival North Carolina state.

Independents

Georgia Tech, unranked but unbeaten, commands attention although scared before edging Tulane 7-6. Florida State, which previously humiliated Kentucky 48-6, had underdog Virginia Tech rattle its 10th rating 20-11. Twice-beaten Syracuse lost prestige on the West Coast. Remembering Pitt couldn't get a major bowl invitation with a 9-1 record in 1963 it now appears certain the East will not have representative at one of the big five postseason classics this year. The service academies are all sub-500. Villanova is still unbeaten. Notre Dame remains far ahead in this category.

Lions Hope To Get Help At Quarterback Position

DETROIT (AP)—The Detroit Lions were expected to learn later today whether they will be allowed to acquire another quarterback to back up Milt Plum for the remainder of the National Football League season.

They'll also make check on the condition of the battered and bruised players following Sunday's 34-0 whitewashing by the Baltimore Colts.

Plum completed 22 of 38 passes for 236 yards against the Colts but couldn't get the Lions across the Baltimore goal.

Wayne Walker missed a field goal from the 35 in the first quarter and the Lions never threatened again until they moved inside the Baltimore ten twice in the last quarter.

Plum is the only quarterback now on the Detroit roster following the injury to Earl Morrall. Head Coach George Wilson voiced concern that Plum might not be able to throw in practice Tuesday because of a lump on the elbow of his passing arm.

Present NFL rules state that a team cannot add a player until four players have been sidelined because of injuries. Then, they can only add enough players to bring the roster to 37.

Wilson and other coaches feel the rule should be changed, especially with regard to injured quarterbacks. That's what officials were to discuss today. It's likely that the Lions will

CHICAGO (AP) — Ohio State, the nation's No. 1 football team, could win the mythical national championship but get no more than a share of the Big Ten title and possibly lose out on the Rose Bowl bid.

It could happen if Ohio State and Purdue, currently tied for the conference lead with 3-0 records, finish out the conference campaign undefeated.

Ohio State plays six conference games and Purdue seven. The two teams would still share the championship if both went undefeated despite the difference in games. Then it would be up to the schools on which team should represent the conference in Pasadena.

If that vote should turn out to be a 5-5 tie, Purdue would get the nod since the Boilermakers along with Indiana are the only Big Ten schools having never played in the Rose Bowl.

However, before there is any chance for such unlikely happenings, there are a few big games to be played beginning this Saturday when Purdue engages defending champion Illinois and Ohio State invades pass-happy Iowa.

A victory over the Illini appears to be a must for the Boilermakers if they want to maintain visions of a title and bowl trip. After Illinois, Purdue plays at Michigan State, at Minnesota and closes at home against Indiana.

Ohio State's pass defense will get a thorough test at Iowa. Last week in a 19-14 loss to Purdue, Iowa's Gary Snook com-

pleted 26 of 49 passes for 310 yards, bettering Big Ten records for passes attempted and yards gained passing.

Ohio State yielded 128 passing yards to Wisconsin Saturday but the Badgers couldn't cross the Buckeye goal and bowed 28-3. Michigan remained in title contention with a 19-12 victory over Minnesota in the battle for the Little Brown Jug; Michigan State dumped Northwestern 24-6; Illinois whipped UCLA 26-7 and Indiana defeated Miami, Fla., 28-14 Friday night.

Although the Illinois-Purdue and Ohio State-Iowa games will feature Big Ten competition Saturday, Michigan takes on Northwestern and the Wolverines cannot afford a letdown. Northwestern needs a victory badly after four straight losses.

Minnesota will be at Indiana and Michigan State at Wisconsin in games involving teams struggling to stay out of the cellar.

Notre Dame made it five straight with a 28-6 triumph over Stanford and the Irish will try to stretch their winning streak when they meet Navy in Philadelphia Saturday.

Berlinski Stars As Flivvers Beat Eskymos

Kingsford Halfback Gets Five TDs To Set Scoring Record

The Kingsford Flivvers cleared a massive hurdle in their drive for a second straight undefeated football season here Saturday when they defeated Escanaba 41-21 before one of the largest crowds ever assembled at the EHS gridiron.

Coach Rae Drake's Flivvers needed a sensational performance from senior halfback Dick Berlinski to pin the season's second defeat on the Eskymos who had a six-game victory string snapped.

Berlinski lived up to advance notice with an electrifying exhibition of speed, finesse and power to score five touchdowns. He kicked five conversions for 35 points, boosting his eight game total to 194. That breaks the all-time Upper Peninsula single season scoring record of 184 points set by Ron Rubick of Manistique in 1959.

Berlinski and his mates knew they were in a ball game. The Flivver Flash had the toughest workout of his outstanding four year career, lugging the leather 26 times for 220 yards from scrimmage. His backfield assistants contributed only 57 yards to the Kingsford rushing total.

Quarterback Dick McCarthy was a vital cog in the Kingsford machine, connecting on two touchdown passes.

Coach Jerry Cvangros' fired-up Eskymos showed no respect for the vaunted Kingsford defensive line, featuring a pair of 240 pound tackles and a 299 pound middle guard.

Against that staggering defensive muscle, the Eskymos turned loose a devastating ground attack that churned for 286 yards, outgaining the Flivvers by nine yards on the ground.

Clairmont Outstanding

Heading that formidable Escanaba attack was senior fullback Jim Clairmont, 205 pounds of pent up fury. He slammed off tackle time and again, challenging the Flivver defense to headon battle, and came out the winner with 171 yards in 28 carries for one of the most impressive individual performances in modern Escanaba grid history. His total is a new modern day single game rushing record.

Dave Boileau backed Clairmont up with a big 111 yard running contribution. Halfback Chuck Brookes was injured and was not used in the backfield. Two other wounded Eskymos, Bill Boyce and Steve Oman, responded with outstanding efforts. Boyce and Mike Olson were bright spots in the Eskymo picture.

Berlinski's five touchdowns were scored as follows:

1 - Run of 8 yards from scrimmage in the second quarter.

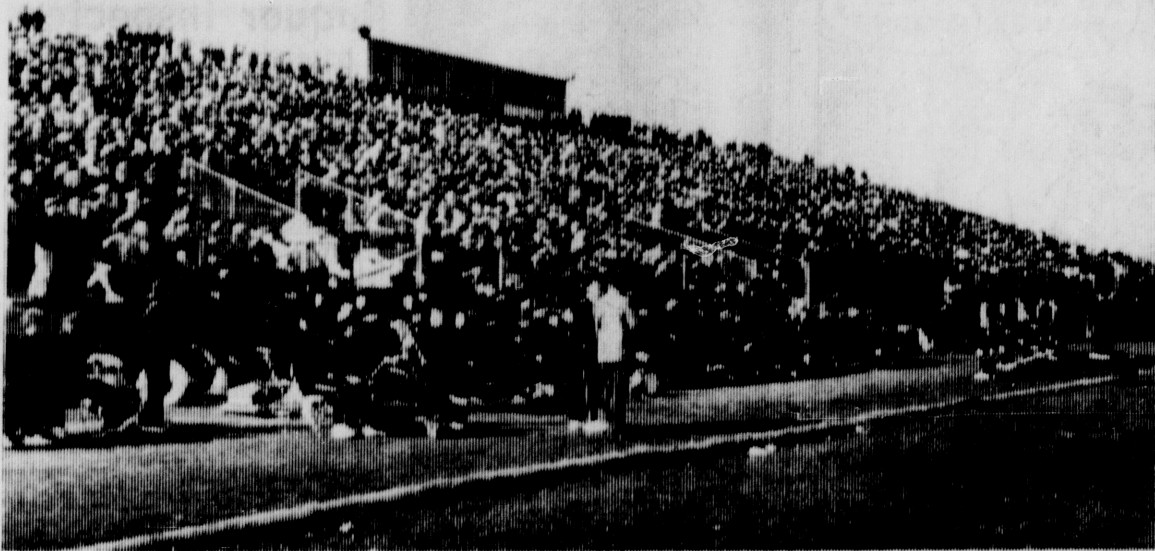

2 - Run of 6 yards from scrimmage in second quarter.

3 - Run of 69 yards from scrimmage in third quarter.

4 - Pass from McCarthy, covering 38 yards in fourth quarter.

5 - Run of 14 yards from scrimmage in fourth quarter.

After scoring his fifth touchdown nine minutes of the game. He has one more contest in

Veteran Passer Oakland's Star Against Denver

By The Associated Press

Daryle Lamonica and John Hadl, a couple of youngsters are coming to the fore in the American Football League, but it was veteran quarterback Cotton Davidson who took most of the headlines Sunday.

Davidson, now in his ninth year of pro ball, threw five touchdown passes and completed 22 of 34 attempts for 417 yards in leading the Oakland Raiders to a 40-7 rout of the Denver Broncos. The TD passes were for 33, 11, 21, 4 and 11 yards.

Veteran George Blanda of Houston connected on 22 of 37 passes for 312 yards Sunday against San Diego, but he was overshadowed by the younger Hadl, who sparked the Chargers to a 20-17 victory over the Oilers.

Hadl, a former Kansas star, hit 19 of 31 passes for 226 yards. It was his aerial artistry, coupled with a 35-yard TD run by Lance Alworth and a 58-yard TD interception of a Blanda pass by Henry Schmidt that overcame the Oilers.

San Diego, the defending AFL champs, spotted Houston an early 7-0 lead, then piled up a 20-7 lead before the Oilers cut it to 20-17 at halftime. Blanda passed to Charlie Hennigan for a TD, then booted a 36-yard field goal with just one second to play in the half.

A driving rainstorm made the field muddy in the second half and there was no further scoring. Blanda passed the Oilers to the San Diego 20 late in the game, but his field goal try to tie the score was no good.

OVERFLOW crowd in the Escanaba Athletic Field grandstand is shown in this picture taken during the Eskymo - Kingsford football game here Saturday afternoon. The contest drew a crowd of 4,000-plus in perfect football weather. In the lower photo, Esqy fullback Jim Clairmont rips off a good gainer. He carried the ball 28 times for 171 yards for a new modern day single game rushing record. (Daily Press Photos)

Broncos Win; Sagataw Star

POWERS - SPALDING --

Greg Sagataw scored four touchdowns to lead the Bark River-Harris Broncos to a 45-13 victory over Powers-Spalding in Wolverine Conference action here Saturday.

Sagataw hit paydirt on runs of 20, 2 and 46 yards from scrimmage and a 20 yard punt return. He led the Broncos to 222 yards rushing in the game.

Joining Sagataw in the Bronco TD parade were Dave Bolm with runs of 23 and 7 yards, and Joe Pach who recovered Sagataw's fumble in the end zone late in the game.

Scoring for the Tigers were quarterback Dave Smith on a 3 yard bootleg and Mike Nelson on a 4 yard pass from Smith.

The victory was Bark River's fourth against two defeats for the season. The Tigers closed their campaign with two triumphs in six starts.

Holy Name Shakes Brief Loss String

CALUMET — Holy Name shook its brief losing string here Saturday with a 33-7 victory over the Calumet Copper Kings.

Coach Bob Nystrom's grid-ders, who had dropped successive starts to Kingsford and Preble after winning their first four games, rolled up a 33-0 lead before Calumet tallied its

lone touchdown in the final period.

It took the Crusaders a while to get the kinks out of their system. Holy Name backs lost the ball three times on fumbles in the first quarter, starting their miscues on the opening kickoff.

Once they found the right combination, however, they crushed the Kings under a

devastating attack that produced 342 yards on the ground and 55 in the air.

The crippled Crusaders will close out the campaign with a home stand against Manistique Saturday afternoon. On the Holy Name sick list are Tom Bartol, Bill Menard, John D'Amour, Peter Petr, John Lehouillier and Mike Kangas, all of whom missed the Calumet contest.

Sophomore back Bob Brisco paced the Crusader runners with 113 yards in eight trips while Frank Trotter added 90, Tom Meinz 50, Bill Fodor 43, Bob Sullivan 30, John Lark 10 and Bill O'Connell 6.

The tough Crusader defense held Calumet to 28 yards rushing and 11 passing. Eugene Fregetto was outstanding on defense with Jim Shandonay, Jim Bonifas and Tom Almon-roeder coming up with stand-out performances. All 24 players on the Crusader traveling squad saw considerable action.

After a scoreless first quarter the Crusaders clicked twice in the second frame.

Trotter capped a 50 yard drive with a 9 yard sweep and kicked the extra point to make it 7-0.

Late in the period Meinz ripped over from the 3 and Trotter made it 14-0 with the placement.

The Crusaders marched the second half kickoff back to paydirt with Trotter sneaking the final yard to spread the margin to 20-0.

John Gorenchan intercepted a Calumet pass at midfield and Trotter hooked up with Shandonay on a 45 yard pass play. The Crusader quarterback booted the extra point and Holy Name led 27-0.

Holy Name's final touchdown came in the fourth quarter when Bill Fodor skirled end for 11 yards, making it 33-0.

Calumet's token TD followed a Holy Name fumble on the 25 midway in the quarter. Fodor and Brisco had touchdown runs nullified by penalties before the game ended.

The Crusaders will carry a 5-2 record into the finale against undefeated Manistique.

Braves Fashion Fifth Triumph Against Gwinn

GLADSTONE — Coach Don

Pfotenbauer's Gladstone Braves celebrated Homecoming Saturday with a 34-13 victory over Gwinn, their fifth triumph of the season against two defeats and a tie.

The Braves will close out the campaign Saturday in another home stand against the L'Anse Hornets of the Copper Country Conference.

With quarterback Mark Goodman pulling the strings, Gladstone moved out to a 27-0 lead in the third quarter and Pfotenbauer had a good chance to give his reserves a solid workout.

The Braves dominated all phases of the battle, with nine backs sharing 180 yards on the ground and two passers picking up 92 yards in the air. The Braves tallied twice on the ground and three times on aerials. They had a 14 to 6 edge in first downs.

Gladstone opened scoring in the first frame when Jay Knutsen intercepted on the Gwinn one yard line and stepped over for the TD. Goodman's kick made it 7-0.

In the second period Goodman clicked on a 33 yard touchdown pass to Rick Ebbeson who made one of his patented catches by snatching the ball from two Gwinn defenders. Goodman repeated his conver-

sion and the Braves led 14-0.

Shortly before the half the Braves struck from long distance when Knutsen ripped off a 45 yard run to the 3 from where Gobert belted in. Goodman split the posts for the third time and it was 21-0.

Goodman pitched another touchdown pass in the third quarter, hitting Gobert on a 20 yard play to make it 27-0.

Gwinn got on the scoreboard before the quarter ended when Gary Connors sprinted 55 yards for a touchdown to narrow the margin to 27-6.

In the final quarter Don Pfotenbauer connected with Jim Ridings on a seven yard TD pass and Goodman tossed to Ebbeson for the point, making it 34-6.

The Model Towners closed out the scoring with Dennis Felizetti scampering 60 yards with an intercepted pass.

Knutsen was Gladstone's top ground gainer with 78 yards and Gobert contributed 36. Goodman completed four of eight passes for 85 yards and Pfotenbauer hit on one of two.

Bruce Hardwick turned in an outstanding game from his middle linebacker spot, getting in on 16 tackles. Brian Martin, Bruce Heslip, Jim Carlson, Bill Potvin and Dick Roman also drew Pfotenbauer's praise for their performances.

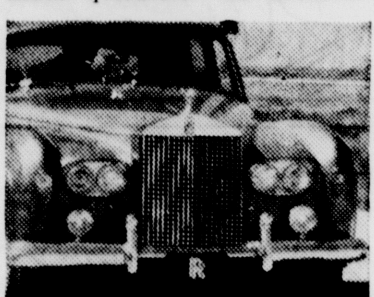

The world's leading acoustical experts made the test.

The U. S. Auto Club certified the results: at 20 mph... at 40 mph... at 60 mph...

The 1965 Ford rides quieter than a Rolls-Royce!

Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in *Mechanix Illustrated*, said, "If there is a quieter car made in this country, I haven't driven it."

Quiet Means Quality... Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate

New Rolls-Royce Silver Cloud III during series of tests.

this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.

Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.

The Result... The Fords proved

PRODUCTS OF Ford MOTOR COMPANY

to be slightly quieter at all speeds.

The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."

The Difference... The sound level difference, to be sure, is small—but it is there. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.

Take A Test Drive... A key—and a warm welcome—await you at your Ford Dealer's. The key, incidentally, fits in the lock no matter which side is up—symbolic of the hundreds of advances you'll find in any Ford you road-test. Come in and see for yourself.

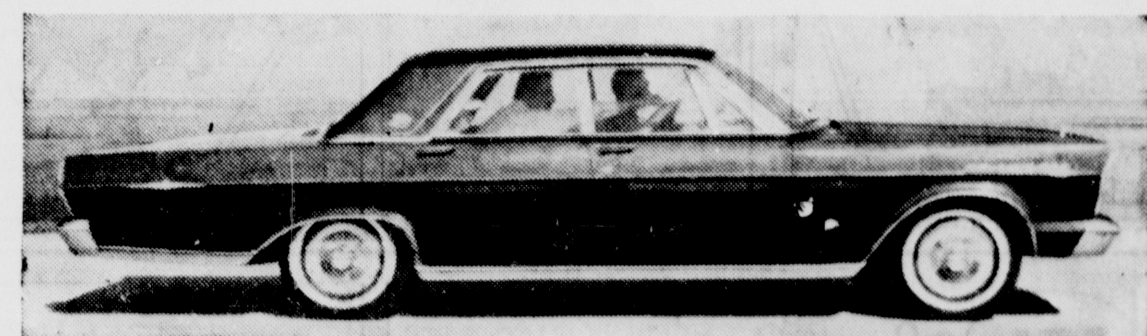

*Decibels are the universally recognized units for measuring the volume of sound.

SOUND LEVEL (All readings in decibels)

MPH	FORD	ROLLS-ROYCE	FORD QUIETER BY
20 mph	67.4	72.3	4.9
40 mph	75.9	81.4	5.5
60 mph	82.6	85.4	2.8

TEST CONDITIONS: Dry, level, moderately smooth concrete divided highway; light, quattering wind. All cars operated at steady 20, 40 and 60 mph with all windows and vents closed. TEST EQUIPMENT: Bruel & Kjaer precision octave band analyzer, recording through direct observation and through Nagra precision tape recorder. Data expressed in Perceived Noise decibels. TEST CONDUCTED ON September 24, 1964, by Bolt, Beranek and Newman, Inc., of Cambridge, Mass., the world's largest

acoustic consulting firm. TEST CERTIFIED by the United States Auto Club. CARS TESTED: Two brand-new Rolls-Royce Silver Cloud III sedans, V-8 with automatic transmission, list price in New York \$16,655 each. Three 1965 Fords, each with 289-cubic-inch V-8 engine and Cruise-O-Matic transmission: Galaxie 500 LTD, Galaxie 500/ XL and Galaxie 500 4-Door Sedan.

Rock Barely Misses Upset

ROCK — Coach Roman Gill's Rock Little Giants barely missed staging the biggest upset in the history of the Wolverine football conference here Saturday but were nipped 7-6 by the Pembine Panthers.

Pembine's conference champs entered the game with five straight victories and Rock had lost five straight starts.

Pembine's touchdown came during a confusing mixup with the chains with two seconds remaining in the first half. Earl Nearingth plunged over from the 1 yard line and Burry Venstra passed to Nearingth for the extra point.

Late in the fourth quarter Pembine was threatening on the Rock 5 but Bob Maki scooped up a fumble and rambled into Pembine territory. Six plays later, with a minute remaining, Maki dented the Panther goal line from four yards out. A pass for the extra point was dropped in the end zone to give Pembine its one point margin of victory.

Eight seniors playing their final game for Rock were Mike Kulack, Steve Rabideau, Bob Maki, Mike Fuotsala, Stan Englund, Bill Kaukoila, Wayne Sharkey and Bill Toyra.

Girl Volleyball Night Changed

GLADSTONE

Herman Weberg Appointed Ensign Liquor Inspector

ENSIGN — At a regular Ensign township board meeting held Oct. 21 at the Ensign Township Hall, the board appointed Herman J. Weberg as police officer and liquor control inspector for Ensign Township to fill the vacancy left by the death of Sigwald Kaller-son.

Other business was the appointment of election inspectors for the general election to be held on Nov. 3. Election inspectors will be: Frances Johnston, chairman, Helga Stenlund, Mildred Lundin, Ina Lundberg, and Lillian Olson. The election school which will be held at the Delta County Court House on Friday, Oct. 30 will be attended by Frances Johnston, Lillian Olson and Linnea Lindquist.

Ensign Township board of canvassers will meet Wednesday Nov. 4, to canvass the election returns. Members of the board are: Virginia Pajnich, Alice Lundberg, Marie Novak, and Esther Forslund.

Mother's Club Meeting At Rapid River

RAPID RIVER—The Mothers' Club of Rapid River Bay de Noc Elementary School kindergarten class had its first meeting of the year at the school Wednesday afternoon.

Miss Loretta McCarthy, kindergarten teacher, explained the curriculum for the children's first year of school. Miss McCarthy told that the school's new math program begins in the kindergarten class. Teaching aids were shown and the children demonstrated their learned skills. The classroom was decorated by the children with the Halloween colors complete with paper witches and jack o'lanterns.

Mrs. Jack Miller was elected president of the group. Twenty-seven mothers enjoyed the afternoon tea and program. Miss McCarthy served refreshments complete with special treats for all the youngsters. The next meeting will be held the latter part of November.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?*

If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! Because just two GERITOL tablets, or two tablespoons of liquid GERITOL, contain 7 vitamins plus twice the iron in 1-lb. of calves' liver.

In only one day GERITOL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and if you've been feeling tired because of iron-poor blood, take GERITOL, liquid or tablets, every day. You'll feel stronger fast in just 7 days or money back from GERITOL.

*Due to iron deficiency

MANISTIQUE

Europe's Migratory Workers Will Aid Unity, Visitor Says

Migration of workers to various countries will contribute to economic and political unification of Europe, reports the Rev. Harold Tollefson, who has returned from a 10-month stay in Germany, during which he attended the University of Heidelberg.

Tollefson and his wife, the former Arla Anderson of Manistique, are visiting with her parents, Mr. and Mrs. John Anderson, and with other relatives and friends. Mr. and Mrs. John Vaughan entertained for them Sunday evening at their home.

The workers are going from Greece, Italy, Spain and north Africa to Germany, Switzerland, France and Holland. Germany has a million of them and Switzerland, 700,000. Despite considerable rebuilding after the war, housing is behind demand and in some instances the quarters are none too good, Rev. Tollefson said.

During their year in Europe, the couple visited numerous countries, including the world's great art centers in Florence, Pisa, Rome, the Vatican Museum, the Sistine Chapel, St. Peter's cathedral, Pompei, Venice, Copenhagen, Stockholm, Vienna and Zurich.

The Wall
They "found it shocking that such a thing could have occurred"

Drys May Cast Sticker Votes

LANSING (AP) — The Michigan Supreme Court ruled last week that Prohibition Party members may cast written or sticker votes Nov. 3 for their party's presidential candidate.

The party failed to obtain a space on the ballot when its petition drive obtained only about 11,000 of the required 14,896 signatures.

State Elections Director Robert Montgomery wrote party chairman Dr. D. D. Gibbons of Kalamazoo, saying he knew of no way the party's state of presidential electors could be written in and counted as votes for the Prohibition Party.

The party went to the supreme court, contending Michigan election laws provide for written votes and that Montgomery's decision denied party members equal protection of the laws under the U. S. Constitution.

Montgomery and Secretary of State James Hare, co-defendants, denied the write-in vote law was applicable in voting for presidential electors.

The court ordered Hare and Montgomery to instruct local election officials to permit electors to vote by write-in or sticker for the Prohibition Party's presidential and vice presidential candidates.

These votes, it said, must be counted as votes cast for the entire list of the party's presidential electors.

LEGAL NOTICES

NOTICE
State Highway Commissioner John C. Mackie is calling a public hearing at 8:00 p. m. on Thursday, November 5, 1964, in the City Hall located in Gladstone, Michigan. The purpose of this meeting is to explain to all interested citizens the proposed reconstruction, improvement and relocation of M-35, from the west city limits east to U.S. 2 within the city of Gladstone, Michigan. It is proposed that M-35 be relocated at the curves located at 27th Street, Lowrie Avenue and 17th Street. It is also proposed to improve M-35 between the 27th Street and Lowrie Avenue curves as a two-lane facility. Between the curves at Lowrie Avenue and 17th Street, it is planned that the new facility will be two lanes with a truck climbing lane added to the north side. From 17th Street to 13th Street, it is proposed to construct M-35 to four lanes, with curb and gutter. The balance of the route to U.S. 2 will be resurfaced.

This meeting is called in accordance with Section 116 of the Federal Aid Highway Act of 1956, Section 128 of Title 23, U. S. Code. This meeting is also held to hear testimony from interested citizens regarding the economic effect of this project upon the city of Gladstone.

Mrs. Elly Peterson Philip A. Hart

'First Woman' In Senate Race Challenges Hart

The first woman ever nominated as a candidate for the U. S. Senate in Michigan is out to unseat incumbent Sen. Philip A. Hart, who is seeking a second six-year term.

Sen. Hart is a Democrat and the woman candidate is Mrs. W. Merritt (Elly) Peterson, who was assistant to the national Republican chairman.

The voters will decide the contest in the general election to be held Nov. 3.

Hart is 51 years old, was elected to the U. S. Senate in 1958, and was formerly lieutenant governor of Michigan. He was U. S. attorney for Eastern Michigan and became legal advisor to former Gov. G. Mennen Williams in 1953.

He is a member of the Michigan and American Bar Associations, American Society of International Law, American Judicature Society, and Michigan Bar Foundation. He is married and has eight children.

The junior Senator from Michigan holds a bachelor's degree from Georgetown University and a law degree from the

University of Michigan. During World War II he served in the Army and was wounded in the D-Day assault on Utah Beach, Normandy.

Elly Peterson is Mrs. W. Merritt Peterson, husband of an officer in the Michigan military establishment. Her home is at Charlotte and she is 50 years old.

She has risen through Republican Party organization ranks, successively serving as an official of the Eaton County and Charlotte GOP committees, as assistant to the state chairman, as state vice chairman in 1961-64 and then as assistant to the National Republican chairman.

She resigned the latter post last summer to run for the Senate — the first woman ever nominated for that post in Michigan.

Mrs. Peterson is a native of New Berlin, Ill., and graduated from an Oak Park, Ill., business college.

In Service

Wayne G. Gifford has been promoted to airman first class in the U. S. Air Force at K. I. Sawyer AFB, Mich. He is a fire protection specialist in a unit that supports the Strategic Air Command mission. His wife is the former Carolyn M. Noemann of Bark River Rte. 2.

Excess heat generated inside Nimbus, the new weather satellite, by its electronic devices or by the sun is literally poured into the coldness of space.
